Grand Champion Hog Shown By Westfall Youth

GRAND CHAMPION — Bill Blue proudly displays his Grand Champion hog and trophies. The hog won the heavyweight class and then took top laurels against the lightweight and middle-weight champions.

Bill Blue, son of Mrs. Lloyd Blue, Route 2, exhibited the grand champion market hog of the Pickaway County Junior Fair Swine Show Tuesday.

Blue's hog topped the heavyweight class in judging and came back to win the championship. Blue is a senior at Westfall High School. Wendy Brown, Ashville, showed the reserve champion market hog.

Yesterday's show was one of the largest ever at the Pickaway County Fair, in spite of the fact that this year for the first time the young swine herdsman exhibit only two animals in the market pen class instead of three as in other years.

Mike Bayes, Orient, showed the grand champion pen of two at the fair. Bayes had the champion individual market hog the last two years at the fair.

Midway Chatter

Rain is the word at the Pickaway County Fair. There is mud everywhere.

Tuesday's harness racing card was cancelled at the last possible minute because of the wet track. Race Secretary John Fissell said today's program will be held if at all possible.

Fissell plans to see if it will be possible to reschedule Tuesday's card during Pumpkin Show week. He emphasized this is only a possibility. If the race is not held, money supplied by the state to pay the \$500 purses will have to be returned. Entry fees were returned to horsemen yesterday.

The Blue Ridge Quartet, the grandstand attraction last night went on as scheduled.

Today the Pet Parade should attract a lot of youngsters, weather permitting.

An auto thrill show, the Mustang Hell Drivers, is the big grandstand attraction.

Tomorrow, if the rain abates, the tractor pull is scheduled.

Pickaway County Agricultural Society Chairman Glenn McCoy, could not hide his disappointment at the rain. Sunday

House Ready To Extend Draft

Ky Files For Viet Presidency

SAIGON (AP) — Vice President Nguyen Cao Ky asked the Supreme Court today for a place on the Oct. 3 presidential ballot, but his petitions lacked 38 of the 100 necessary certified endorsements by provincial councilmen.

"I have not given up," Ky told a news conference. "I am still fighting. I will fight until the last minute."

If the court rejects his petitions, Ky said, "then we will see what happens."

The vice president accused Thieu of trying to block his candidacy and called this "an obvious and undeniable travesty of the democratic process."

He conceded that his petition was partly an appeal to public opinion, and his aides acknowledged that they do not expect the court to accept his candidacy.

Ky circulated a list of 102 councilmen he said had signed for him, but he said 40 of them had been forced to endorse Thieu earlier. He asked the court to award these to him. He charges that Thieu used pres-

See Nixon Approving Jobs Act

WASHINGTON (AP)—A billion-dollar appropriation to get jobs for up to 173,000 persons in public-service fields is expected to sail through the House today with bipartisan blessings.

That's the price tag approved by the House Appropriations Committee to finance the first half of a two-year emergency employment assistance program enacted earlier this year.

Backed by the Nixon administration and the Democratic leadership in Congress, the program will give preference to unemployed Vietnam veterans seeking jobs as firemen, policemen, sanitation and conservation workers.

The number of jobs will depend on local wage scales with a top of \$12,000 for professional employees.

Every state is ticketed for a share, ranging from \$100.4 million for California to \$1.5 million for smaller states.

The money will be parceled out by the Labor Department to state governments, cities and other jurisdictions. The amount will depend on each area's percentage and severity of unemployment compared with national averages.

To be eligible, areas would have to have recorded three consecutive months of unemployment by at least 4.5 per cent of the work force.

The federal contribution would be 90 per cent of total wages with individual governments paying the remainder.

Last year Nixon vetoed a broader bill that included a public-service job provision, saying it would relegate large numbers of workers to "permanent subsidized employment."

The veto was sustained. Democratic leaders threw their support behind a new measure and the President finally endorsed it and requested financing through fiscal 1972.

New Fire Truck Purchase, Sewage Plant Engineering Contract Okayed

Circleville City Council Tuesday passed legislation to purchase a new fire truck, employ an engineering firm to design a new sewage treatment plant and to appropriate money to install central heating in the fire department.

The new truck is scheduled to be delivered 175 working days after the contract is signed. Low bid of \$41,100 was submitted by Mack Co.

Of the money to purchase the truck, \$23,202.23 will come from insurance and a small residual amount in the fire equipment levy. Council hopes to provide the balance of \$17,897.87 from

the capital improvement fund. The engineering firm of Hazen and Sawyer, New York, N. Y., was employed at a cost of \$23,000 to draw detailed plans and specifications for the sewage treatment plant. The city must construct the plant to comply with requirements of the Ohio Water Pollution Control Board.

LEGISLATION authorizing the sale of bonds to provide funds to pay for the engineering of the plant was passed April 16, 1971.

A special fund was established within the capital

Police Arrest Drug Pusher

Circleville Police Tuesday climaxed a three weeks drug investigation with the arrest of two men and the confiscation of \$3,000 worth of drugs in Lancaster Tuesday at about 1:30 p.m.

Arrested were Chris England, 21, Lancaster and Eddie Combs, 19, 711 N. Pickaway St. England is being held in Lancaster jail under \$25,000 bond.

He has been charged in courts there with selling and possessing drugs. Chief of Police Robert Temple indicated Combs would face a lesser charge.

Assisting in the investigation were Temple, Police sergeants Wes Barton and Larry Pontious, patrolman Ron Smith and dispatcher-photographer Dick Lamb.

SAM Hotzler, chief of the Lancaster Police Department, headed the investigation in that city. Two unidentified federal narcotics agents were also called in to assist in the investigation.

Chief Temple commended Barton and Smith in their handling of the case and said that the department would issue citations to the two men for their work.

Temple said that without the cooperation of the parents of young people who had been buying the drugs locally, the arrests could never have been made.

Circleville Police believe that England was a major source of supply of drugs in Pickaway County. The investigation began about three weeks ago when Police were called to Berger Hospital where a girl was suffering from hallucinations caused by drugs.

After tracing the supply line, with the assistance of parents, arrangements were made for a purchase of drugs in Rising Park, Lancaster.

Drugs confiscated included marijuana and numerous pills which have not been positively identified. Police feel that some will be identified as LSD and hashish.

Lung Recipient 'Critical' After Surgical Repair

CAPE TOWN, South Africa (AP) — Adrian Herbert, who underwent a heart-lung transplant 10 days ago, was in critical condition today after emergency surgery to repair a loose connection in his new organs.

Herbert, 49, has lived longer than anyone else after a graft of both heart and lungs. His operation by Dr. Christiaan Barnard's transplant team was the fourth attempted and the first outside the United States.

The previous longest survivor of such surgery lasted eight days.

It was discovered Tuesday that one of the couplings made during the operation July 25 had sprung a leak, and late Tuesday night, surgeons decided to patch the break in his right windpipe connection.

The surgery was successful, a spokesman at Groote Schuur Hospital said. He described Herbert's condition variously as "reasonable," "weak" and "satisfactory."

DRUG HAUL — Circleville Chief of Police Robert Temple and Sgt. Wes Barton look over drugs confiscated Tuesday in Lancaster. Arrested was Chris England, 21, of Lancaster. Police believe he was a major source of supply for local drug users.

Peking Blasts Attempts To Solve China Problem

UNITED NATIONS, N.Y. (AP) — Peking threw a charge of "double-dealing" today against U.S. efforts to solve the China question in the United Nations.

It accused Secretary of State William P. Rogers of lying in trying to push "the preposterous proposition of two Chinas."

"Rogers' so-called realities of the two Chinas are his sheer fancy," said Red China's official news agency in a broadcast from Peking. "The clumsy 'two-Chinas' trick played by U.S. imperialism is absolutely illegal and futile."

This condemnation came as the United States was working behind the scenes to line up support for two resolutions, one inviting Red China to join the United Nations and the other to prevent the expulsion of Nationalist China.

Diplomatic sources said U. S.

The sources said the resolutions would be submitted for the General Assembly session opening Sept. 21 as soon as the delegations determined whether their governments would become co-sponsors.

The first resolution would offer the Communist regime in Peking a seat in the United Nations, would specify that the

Farmers Woo Ohio Senate

COLUMBUS, Ohio (AP) — More than 100 Ohio farmers fed a group of state senators fresh produce from their farms today and urged them to keep property tax relief in mind while working on the current appropriations - tax bill.

The luncheon included tomatoes raised by Ohio Farm Bureau Federation President Robert Summer of near Tiffin and sweet corn from the farm of federation vice president Harold Richard at Circleville.

"Farmers want to tell their story about excessive property taxes and the need for some kind of relief," C. William Swank, bureau executive vice president, told the luncheon.

"The best way they know to do this is through the product which they produce — food."

Swank said a recent survey showed the average farmer pays from 22 to 50 per cent of his net farm income for property taxes. "The farmer wants more equity in his tax burden," Swank said.

Nationalist government on Formosa would continue to be seated and would direct the specialized U. N. agencies to take the decision into account.

As a further safeguard to Nationalist China's membership, the second resolution would classify any resolution to expel the Nationalists as an "important" question requiring for its adoption a two-third majority of those voting.

This is the maneuver by which the United States barred Red China's admission to the United Nations last year. Asked at his news conference Monday whether the U. S. government was dropping its claim that Peking's admission was an important question, Secretary of State William P. Rogers said the Nixon administration's decision to no longer oppose the admission of the Communist regime made this "academic."

See Israel Pulling Back From Canal

JERUSALEM (AP) — The Israeli government is ready to pull its troops back some 25 miles from the Suez Canal as part of an agreement to reopen the waterway but still will not permit Egyptian soldiers to replace the Israelis on the eastern bank, local newspapers reported today.

The reports said Premier Golda Meir was giving this decision to U.S. Asst. Secretary of State Joseph Sisco today at their third meeting since Sisco arrived last week.

The newspaper Davar said Sisco relayed an Egyptian proposal for several hundred Egyptian soldiers to cross the canal following the Israeli evacuation. But the report said Mrs. Meir, after consulting her Cabinet, had decided to reject the proposal.

The Israelis apparently are standing on their earlier statement that only Egyptian civilians bolstered by a token force of police—but no soldiers—could cross to the east bank.

In other areas Mrs. Meir was ready to be more flexible, the papers said.

Sisco is expected to go to Cairo next week to tell the Egyptians the result of his talks with the Israelis. Reliable sources said he also would call on Egypt to agree on an unlimited cease-fire to pave the way for negotiations toward a comprehensive Middle East settlement.

Viet Pullout Amendment Is Included

WASHINGTON (AP) — The House appeared ready today to approve an antiwar amendment as the price for extending the draft two more years.

But while House approval was expected with little trouble, antiwar senators said they will not even have to filibuster to block enactment of the draft bill until at least September.

House Armed Services Chairman F. Edward Hebert, D-La., says the Indochina war language worked out by House Senate conferees "will not tie the President's hands."

The House, by even narrower votes, has turned down all previous war-pullout measures.

The draft bill's language urges President Nixon to negotiate a final date with Hanoi for a ceasefire and total withdrawal of U. S. forces from Indochina in return for release of all American prisoners of war.

The narrowest House rejection of such a proposal was the last: 219 - 176 refusal to accept the Senate's original amendment setting a nine - month deadline on the U. S. pullout.

Sen. Alan Cranston, D-Calif., said Tuesday he and Sen. Mike Gravel, D-Alaska, will easily be able to block Senate draft action until Congress begins a month - long recess Friday.

"It will not take a full - blown filibuster," Cranston said.

He also said antiwar senators will be able to filibuster the draft bill indefinitely after Congress returns Sept. 8 if Senate Democratic Leader Mike Mansfield supports them.

Mansfield, author of the original nine-month deadline, still has not said whether he will accept the compromise and help cut off the filibuster.

House draft action originally was scheduled Tuesday but hit a parliamentary snag which was resolved when the Rules Committee reversed a previous vote allowing challenges to two sections.

Two Wounded In Shootout

COLUMBUS, Ohio (AP) — A sheriff's deputy and his alleged assailant were wounded Tuesday night in a shootout that erupted as police arrived at a Franklin Township home to investigate a domestic argument.

The Franklin County sheriff's Office said Cpl. Eric May, 27, was hit in the face and neck by a shotgun blast as he stepped from his cruiser outside the home of Donald McWhorter, 31, southwest of Columbus.

Another deputy, Hurst Lampton, 29, dove from his cruiser as a second blast blew out the rear window of the car and shot McWhorter in the legs with a rifle.

About the same time, township policeman Robert Frazer, who had circled the house, wounded McWhorter in the abdomen with a shotgun.

May and McWhorter were brought to Mount Carmel Hospital, May was reported in serious condition and McWhorter's condition was listed as fair.

Authorities said McWhorter's wife called police after McWhorter struck her mother during a family argument.

Deputies said McWhorter was standing in the driveway with a shotgun in hand when they arrived.

Campaign Spending Limit Receives Senate Approval

WASHINGTON (AP) — Senate Democrats, hoping to shelve the odds for 1972 by fashioning veto-proof reform of election spending laws, have compromised readily with Republicans on three major points.

Dozens of lesser amendments remained today before a final vote.

By voice vote Tuesday the Senate approved a limit on election spending by federal office-seekers of 10 cents per voter, but with no more than six cents of it for either print or broadcast, as the candidate chooses. This would allow each presidential nominee to spend \$84 million for radio-TV ads.

The Senate voted 72 to 21 to repeal equal-time broadcast

restrictions for all federal candidates, not just for president and vice president, and 88 to 2 to establish a federal elections commission of six members appointed by the president and confirmed by the Senate.

"These changes are going to make it more difficult for the President to veto it," said Sen. John O. Pastore, D-R.I., chief Democratic floor strategist. Last year President Nixon vetoed a bill limiting broadcast spending only, saying it was not comprehensive enough.

A tough fight had been expected over the spending limits, which Democrats wanted to put at five cents per eligible voter for broadcasting and five cents for newspapers, magazines and other print media.

Republicans, who outspent financially pressed Democrats 2 to 1 on broadcast advertising in the 1968 presidential race, supported the overall 10-cent limit but wanted candidates to be free to spend all of it on whatever media they chose.

Both sides appeared adamant until the issue came up on the floor. But a compromise was quickly approved by voice vote.

The compromise retains the Democratic 5.5 formula but allows the candidate to spend up to 20 per cent of his limited dollars for broadcasting, or vice versa.

Westfall Hires School Bond Attorneys

In a special meeting Monday evening, the Westfall Board of Education employed the law firm of Squire, Sanders and Dempsey, Municipal Bond attorneys from Cleveland, as special counsel for the preparation of supervision of the essential proceedings in bringing to voters the \$1 million bond issue to replace the present Williamsport School.

The issue will be decided by vote of Westfall School District residents in the November election.

Money from the issue of bonds will be used to build a new elementary building at Williamsport and renovate Darby, Jackson and Monroe School sites.

The average annual tax required to pay the interest on the bonds would be 2.3 mills for each dollar valuation or 23 cents for every one hundred dollars of valuation of real estate.

During the session, the Westfall Board also employed David Quince, a former teacher in Chillicothe Schools, as principal of the Jackson School.

Quince fills the position vacated by E. Miller Hundley who moved to a position with the Pickaway County Board of Education.

The next regular meeting of the Westfall Board of Education will be Aug. 15, at 8 p.m.

July Common Pleas Activity 'Average'

July was an average month for court business. Forty-four new cases were filed and 36 disposed of during that month, according to the report of Sara Dresbach, Clerk.

Disposed of were 21 domestic matters, 12 civil actions and three criminal cases. There were three cases brought to trial before the court, but none by jury. Seventeen of the cases were dismissed.

The new cases filed include 22 domestic relations cases, 12 civil actions and 10 criminal matters. They make a total of 267 cases still on file in the clerk's office.

No new appeals of lower court decisions were filed during July, but the seven on the docket are still pending.

Early Morning Collision Brings Injury, Citation

A car-truck accident 2:30 a.m. this morning resulted in an injury, a citation and destruction of the car.

Edgar Hall, 24, Columbus, suffered face cuts and chest injuries when his auto struck the rear of a tractor-trailer driven by Lee Wears, 43, Piney, W. Va., on Route 23, one-mile north of Weigand Road. Hall was treated and released at Berger Hospital.

According to the report of Deputy Sheriff Phil Brown, both vehicles were northbound when Hall ran into the rear of the trailer.

Hall was cited for failure to maintain assured clear distance ahead.

Bonds Forfeited

Robert Fyffe, Circleville, forfeited bonds totaling \$250 when he failed to appear in Circleville Municipal Court Monday. He was charged with assault and battery.

Pakistani Envoys Request Asylum

WASHINGTON (AP) — Fourteen members of the Pakistan embassy including seven senior diplomatic officers resigned today, pledging loyalty to the Bangla-Desh Independence movement in East Pakistan and asking for political asylum in the United States.

The resignations included one ranking minister, three counselors, one second secretary, one third secretary and the deputy permanent representative of the Pakistan mission to the United Nations.

"This is our moment of decision," said Sayeed A. Karim, the No. 2 Pakistan representative at the U.N. "We have decided to join the suffering millions of Bangla-Desh who are resisting with their lives the barbarity of the West Pakistan army who are determined to reduce East Pakistan to a colony."

Lima Grand Jury Probe Uncertain

COLUMBUS, Ohio (AP) — The attorney general's office Wednesday would neither confirm nor deny published reports that Gov. John J. Gilligan would order a special grand jury probe of Lima State Hospital within 2 weeks.

The Cleveland Plain Dealer and the Dayton Daily News reported Gilligan had decided to "maneuver the jury to look into charges of patient abuse and brutality at the hospital. The governor's office said no decision had been made yet.

The Plain Dealer said Wednesday the jury might be called as early as Friday.

Burglary Suspect Flees Officers

A breaking and entering suspect made good his escape after being chased by Pickaway County law officers early this morning.

The Pickaway County Sheriff's Department received a call 4:13 a.m. of a burglar in the garage of the Mack Shaw residence on Route 4.

Deputy Sheriff Phil Brown was dispatched to the scene and requested assistance from the Circleville City Police who sent a car and two policemen.

Upon spotting the police cars the suspect fled from the scene. The officers gave chase but lost him in a heavily wooded area.

Youths Earn Trophies For Demonstrations

Demonstrations earned individuals and teams of youth trophies during the Agriculture Demonstration Contest Tuesday evening at the Pickaway County fair.

Winning positions in the senior division for those 14 years of age or older were:

Individual — 1. Vanessa Mills; 2. Joyce LaFontaine; 3. Phil Karn.

Team — 1. Elizabeth Schumm and Judy Ayers; 2. Debbie Krahn and Debbie Thompson; 3. Barb Platt and Mary Weiland.

For the younger entries in the junior divisions trophies were awarded to:

Individual — 1. Judy LaFontaine; 2. Kitty Kellstadt; 3. Brenna Lintner.

Team — 1. Tracy Fraas and Ann Bowser; 2. Tish Everman and Chris See; 3. April Neal and Shirley Fields.

All the trophies were donated by the Agriculture Society.

Nab Palace Prowlers

LONDON (AP) — Police sealed off Buckingham Palace early today and sent tracker dogs into the grounds after a passing motorist reported he saw someone scaling the garden wall.

The prowlers were two teenage boys and a girl who only wanted a closer look. "It was just a late night prank," said a police spokesman. "We let them go after giving them a severe telling off."

He added that two of the young people were Americans and the other an Australian, but he refused to identify them.

Queen Elizabeth II was at Windsor Castle. But London has become unusually security minded since the anarchist "Angry Brigade" bombed the home of Cabinet minister John Davies during the weekend.

12 GOP Senators Sponsor Wage-Price Restraints

WASHINGTON (AP) — A dozen Senate Republicans today proposed a system of wage-price restraints already spurned by President Nixon and won the applause of the Senate's Democratic leader.

The Republicans said they are introducing legislation that would create a wage-price board to measure labor and industry decisions in terms of inflationary impact.

Their bill, fashioned primarily by Sens. Jacob K. Javits, R-N.Y., and Charles McC. Mathias Jr., R-Md., also would reaffirm Nixon's authority to freeze temporarily wages and prices.

"I applaud them for their suggestion," said Senate Democratic Leader Mike Mansfield of Montana.

"All the Republican senators are asking is that the President do what the Congress has twice asked the President for unanimously," Mansfield said.

Senate Republican Leader Hugh Scott of Pennsylvania said the proposal of the 12 GOP senators "reflects a legitimate concern that everything be done that can be done economically."

Scott blamed current inflation and unemployment woes on the economic and budget policies of a past Democratic administration.

Democrats have repeatedly urged upon the President the adoption of wage-price controls

Scioto Twp. Zone Appeal Dismissed

Pickaway County Court Judge William Ammer has ruled against an appeal in a matter involving a zoning issue in Scioto Twp.

Betty Ann Schooley filed the appeal in July asking the court to decide a controversy over the re-zoning of some land in the township. The Board of Trustees had turned down the woman's request prior to her appeal.

Ammer decided in favor of the Trustees who noted that he had no jurisdiction to hear the appeal on a legislative matter. Mrs. Schooley had filed her suit based on the Administrative Appeal Act which in this case does not apply.

The judge dismissed the case, but noted that other action such as a declaratory judgment, could be filed to settle the zoning matter.

Judge Overrules Motion For Trial

Judge William Ammer has denied a motion for a new trial filed by Charles R. Hutchinson Jr., 131 N. Pickaway St.

Hutchinson filed a money claim against Ned H. Dresbach and Pumpkin Show, Inc. which came to trial June 14 in the Common Pleas Court. He alleged that Dresbach struck him during a scuffle as the Pumpkin Show director was attempting to lead the youth to the police station.

The jury returned a decision in favor of Dresbach, turning down the \$10,000 damage suit for personal injuries.

to block further inflation. "We in Congress have done all we can," Mansfield said. The 12 Republicans said they are vitally interested "in the success of our Republican administration and of our nation," and are deeply concerned about unacceptably high rates of inflation and unemployment.

Campaign Spending Limit Receives Senate Approval

WASHINGTON (AP) — Senate Democrats, hoping to shave the odds for 1972 by fashioning veto-proof reform of election spending laws, have compromised readily with Republicans on three major points.

Dozens of lesser amendments remained today before a final vote.

By voice vote Tuesday the Senate approved a limit on election spending by federal office-seekers of 10 cents per voter, but with no more than six cents of it for either print or broadcasting as the candidate chooses. This would allow each presidential nominee to spend \$84 million for radio-TV ads.

The Senate voted 72 to 21 to repeal equal-time broadcast

CIA Laotian Operations Being Probed By Senate

WASHINGTON (AP) — The Senate today promised new disclosures about how the Central Intelligence Agency bankrolls military operations in Laos.

Among the things to be made public, reliable sources said, is how part of CIA funds are hidden in budgets of other agencies.

They said this was among subjects discussed in a rare 3 1/2-hour secret Senate session June 7, a censored transcript of which will be published today in the Congressional Record.

Publication of the transcript comes two days after release of a Foreign Relations Committee staff report that was the basis of the June 7 session.

The report disclosed that \$70 million in CIA funds was spent last year to support a 30,000-man force of Laotian irregulars, considered a more effective fighting force than the Royal Lao Army, and that most of about \$66 million went to the CIA to support Thai troops in Laos.

In all, Secretary of State William P. Rogers said recently, \$350 million was spent in Laos in the fiscal year that ended June 30, exclusive of bombing costs that run several times that figure.

In the new fiscal year, military assistance alone is scheduled to run \$90 million more than last year.

Sen. Stuart Symington, D-Mo., wants to limit U.S. spending in Laos, including bombing in the North not related to the Ho Chi Minh trail, to \$200 million, about one-fifth the 1971 level.

The report to the Foreign Relations Committee by James W. Lowenstein and Richard M. Moose, who visited Laos in late April and early May, said the military situation there is continuing to deteriorate despite stepped-up U.S. aid.

The report and the transcript were declassified after five weeks of negotiations between the Senate and the executive branch.

12 GOP Senators Sponsor Wage-Price Restraints

WASHINGTON (AP) — A dozen Senate Republicans today proposed a system of wage-price restraints already spurned by President Nixon and won the applause of the Senate's Democratic leader.

The Republicans said they are introducing legislation that would create a wage-price board to measure labor and industry decisions in terms of inflationary impact.

Their bill fashioned primarily by Sens. Jacob K. Javits, R-N.Y., and Charles McC. Mathias Jr., R-Md., also would reaffirm Nixon's authority to freeze temporarily wages and prices.

"I applauded them for their suggestion," said Senate Democratic Leader Mike Mansfield of Montana.

"All the Republican senators are asking is that the President do what the Congress has twice asked the President for unanimously," Mansfield said.

Senate Republican Leader Hugh Scott of Pennsylvania said the proposal of the 12 GOP senators "reflects a legitimate concern that everything be done that can be done economically."

Scott blamed current inflation and unemployment woes on the economic and budget policies of past Democratic administrations.

Democrats have repeatedly urged upon the President the adoption of wage-price controls to block further inflation.

"We in Congress have done all we can," Mansfield said.

The 12 Republicans said they are vitally interested "in the success of our Republican administration and of our nation," and are deeply concerned about unacceptably high rates of inflation and unemployment.

Scioto Twp. Zone Appeal Dismissed

Pickaway County Court Judge William Ammer has ruled against an appeal in a matter involving a zoning issue in Scioto Twp.

Betty Ann Schooley filed the appeal in July asking the court to decide a controversy over the re-zoning of some land in the township. The Board of Trustees had turned down the woman's request prior to her appeal.

Ammer decided in favor of the Trustees who noted that he had no jurisdiction to hear the appeal on a legislative matter.

Mrs. Schooley had filed her suit based on the Administrative Appeal Act which in this case does not apply.

The judge dismissed the case, but noted that other action such as a declaratory judgment, could be filed to settle the zoning matter.

Judge Overrules Motion For Trial

Judge William Ammer has denied a motion for a new trial filed by Charles R. Hutchinson Jr., 131 N. Pickaway St.

Hutchinson filed a money claim against Ned H. Dresbach and Pumpkin Show, Inc. which came to trial June 14 in the Common Pleas Court. He alleged that Dresbach struck him during a scuffle as the Pumpkin Show director was attempting to lead the youth to the police station.

The jury returned a decision in favor of Dresbach, turning down the \$10,000 damage suit for personal injuries.

All In The Same Boat

The cost of higher education is going up just about everywhere. Much attention has been drawn recently to the plight of the private colleges and universities, which exist for the most part on funds from nongovernmental sources.

These schools are hurting. Some are running deficits and a few may not survive in their present form unless some way out of their financial jam can be found in the near future. But what of the state-supported schools? Are they faring any better?

Apparently not, judging by a report of the National Association of State Universities and Land Grant Colleges. State universities are raising tuition and other student fees at an "alarm-

ing" rate, according to the association.

The median for student charges has risen by about 30 per cent over the last five years at the major state universities which belong to the association. Twelve state universities operated at a loss for the 1969-1970 school year, and most of them expected to repeat the performance for the year just ended.

Obviously, the cost squeeze is not limited to private institutions. Those which theoretically have access to all the tax monies they need to survive are not doing much better.

Only greater infusions of state and federal funds or more efficient administration can prevent a continuation or rising student charges.

According To Boyle

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

If a man lives long enough, he often goes through two childhoods. In his mature middle years he looks back and fondly idealizes his first childhood; he looks forward apprehensively to his second childhood. In a way this is unrealistic, because of his two childhoods the second is far less likely to be painful.

If human nature isn't inherently combative and contentious, why is it that when one person announces what time it is, everybody else in hearing distance looks at his own watch to see how wrong the other fellow was?

Ever notice how many superstitious men, when they can't find a piece of wood nearby to knock on three times in order to avert a peril or bring good luck, will rap on their head instead? This actually

does nothing but shake up their dandruff, but it pleases them as much as if they had bruised their knuckles on a redwood tree.

The modern newspaper is one of today's miracles that have become commonplace through familiarity and therefore taken for granted. But with what else can you wrap a fish, line a shelf, and inform a human mind with truth?

When a hen lays an egg, she wants to cackle the glad news to all the barnyard. When a man lays one, he'd rather let anyone else get the credit. This is what is known as modesty.

A yawn may be impolite, but there is no more honest form of criticism.

Hell hath no hidden fury like that of a secretary whom the boss takes out once—but never again.

Among the two most "unionized" professional people today are schoolteachers and doctors. One wonders what would happen if preachers were as well organized. How long could the nation hold out if a vast majority of its priests and ministers refused to deliver church sermons, baptize the young, pronounce a couple man and wife, or conduct services for the dead?

The American people's curious preoccupation with sex remains one of the most puzzling phenomena of our times. Three-fourths of them don't know what it's all about—and the other fourth don't know where it went.

A liberated woman is one who doesn't mind standing in any line so long as she's ahead of a man—unless it's a bread-line.

The Business World

By JOHN CUNIFF

NEW YORK (AP) — A last-minute wage agreement has averted a threatened steel strike but it leaves unresolved the problem of how the nation can deal with inflationary expectations.

Unless some miracle of productivity can be achieved—and the steel industry is hardly the one in which miracles may be expected—the agreement will force up prices of numerous manufactured items.

Price increases already have been announced for basic steel. Manufacturers who use steel may be expected to follow with their own.

The three-year, 31 per cent

increase comes as no surprise. It follows a pattern. In the first half of the year wage increases for all industries averaged 31.5 cents an hour.

Union leaders, no matter how broadminded, can hardly be expected to seek less than that what they feel is obtainable. To do so, even in the name of statesmanship, would be to break faith with their members.

The parallel situation for the steel companies is whether they should, for the good of the country, refrain from raising prices or, because of their obligations to shareholders, protect their profits.

Suggesting that the answer hardly perplexed them was the speed with which U.S. Steel announced an 8 per cent increase for most products less than 24 hours after signing an agreement with the steelworkers.

George Meany, AFL-CIO head, has suggested that the only way to free business and labor from such decisions is to toss the ball to the President.

Many economists also have been clamoring for strong presidential leadership on the wage-price battlefield, perhaps in the

form of an incomes policy.

Such a policy could involve a formula which labor and industry could use in determining permissible, noninflationary increases. It could involve a wage-price review board. At its extreme, it might include a freeze on wages and prices.

In the absence of such a policy, it seems reasonable to assume that the only possibility of a union or an industry foregoing an increase would be if it believed inflation was being licked.

Inflationary psychology is one of the most persistent symptoms of the current ailment, however.

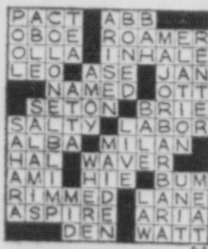

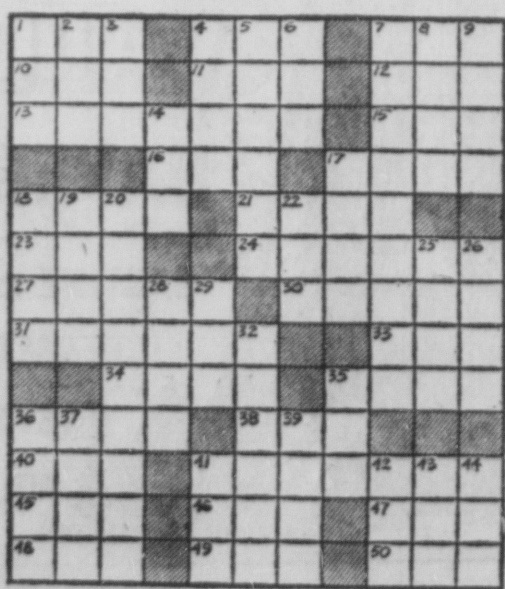

Meanwhile, news from the Labor Department offers little hope for miracles of productivity. Output per man hour rose sharply in the first quarter of the year. And while it continued to rise in the next three months, the rate in manufacturing industries fell from 5.3 per cent to a disappointing 3.3.

If productivity had continued high or risen, there was some hope that industry would be able to withstand its higher costs. That possibility is now diminished.

Try and Stop Me

By BENNETT CERF

ONE LECTURER who never will be invited back to Massachusetts was asked by a chairman to make a few impromptu remarks about the Pilgrim Fathers. "I think the Pilgrim Fathers have gotten too darn much publicity," he told his startled audience. "Let's give a thought for a change to the Pilgrim Mothers. They not only had to endure everything the Pilgrim Fathers endured, but remember this, they had to endure, also, the Pilgrim Fathers!"

A fashionable dress designer embarked upon a challenging experiment last week. He crossed a pair of hot pants with a pair of cold pants. The result: a suit for divorce.

The pastor of a church in an exclusive subdivision keeps a close count on the attendance every Sunday, with a space provided for tabulating special factors accounting for a particularly disappointing turnout. One Sunday it may be miserable weather, another the opening of the hunting season. But how could an apologist account for a sparse attendance on a mild, cloudless Palm Sunday? The usher was equal to the occasion. He noted in the proper space, "Religious holiday."

"How old is your baby brother?" a kindergarten teacher asked one of her charges. "I don't know," he answered. "He hasn't had a birthday yet."

Speaking Of Your Health

By Lester L. Coleman, M.D.

Can a fracture of the jaw heal without surgery? Our son was in an automobile accident and had four operations on his jaw.

We were told by a friend that his son had the same problem and got well without surgery.

Mr. G. K. Tenn. Dear Mr. K: I am utterly amazed by the frequency with which I receive letters of this sort.

I have finally decided that all "friends" and all those authorities referred to as "they" should combine their talents and write the World's Encyclopedia of Medical Ignorance.

What these so-called "friends" really succeed in doing is adding to a family's pain and confusion by introducing ideas contrary to well-established medical opinion.

Fractures of the jaw are very serious problems indeed. Some may be handled more easily than others but often they require the combined talents of a dentist, an oral surgeon, an ear, nose and throat surgeon and a plastic surgeon.

Unless such talents and concentrated efforts were used, your child might have been left with loss of teeth, improper functioning of the bite, and interference with the functioning of the jaw joint.

There always might have been the possibility of a distortion of the appearance of the face, which adds a lifelong burden to the patient.

The technique with which a fractured jaw is aligned is known as "wiring." Tiny wires fix each tooth in the mouth to insure their preservation.

Often, the upper and lower jaw are wired together so the mouth cannot be opened until all bone fragments are healed. A nutritious liquid diet, provided through a straw, sustains the patient through this healing process.

Not all fractures are as complicated as your son's apparently was. That, of course, accounts for the fact that your friend's experience was different from yours.

I developed lymph glands under my arm. The doctor said it was from an infection in the fingernail. How is this possible? Mrs. E. F. Fla.

Dear Mrs. F.: Lymph glands are part of a remarkable protective system in the body.

Making Money In China

By JOHN CHAMBERLAIN

WASHINGTON: — George Watt, a British civil engineer who spent three years in Red Chinese prisons, came to the U.S. "with a story to tell" about the difficulties of making money in Red China. The Committee of One Million Against the Admission of Red China to the UN tried to get him before the Senate Foreign Relations Committee only to be curiously informed that there is a rule against hearing "foreigners" on the subject of foreign relations. This is sort of like excluding Nils Bohr from a hearing on atomic energy.

The exclusion of George Watt was a phony; he could have been heard by a special subcommittee or at a privately organized Senatorial luncheon. But Sen. Fulbright apparently just doesn't want to know about the difficulties of doing business with Mao or Chou En-lai.

So let Mr. Watt pass on his story through the medium of this column. The man, immensely earnest though not without humor, was judged on a spy charge in Lanchow in the far interior of China after completing the construction of a synthetic fiber plant. He insists that the espionage case against him was entirely false, which is believable when you consider that he was sentenced for only three years. (If he had been spying the Red Chinese could only have assumed that his knowledge would have remained dangerous for a longer period.) Mr. Watt did not, however, come to the U.S. seeking any personal vindication. He wanted simply to warn American businessmen to get cash on the barrelhead before performing services for Mao Tse-tung, who in Mr. Watt's opinion is just about as safe a contractual partner as Fidel Castro.

Mr. Watt went to China in charge of a Vickers-Zimmer Company crew of engineers who had been hired by the Red Chinese to build a fiber plant in the Red Chinese atomic development center, Vickers-Zimmer is an Anglo-German firm which specializes in doing business in Communist countries. Mr. Watt did not particularly enjoy his stay for Vickers-Zimmer at Chernivog in the Ukraine, but at least the

Soviets paid for the services they got. The Reds Chinese, however, turned out to be an entirely different risk. They confiscated the Lanchow fiber plant the minute it was finished and demanded that Vickers-Zimmer directors fly at once to Peking to answer charges of cheating on the construction.

When the Vickers-Zimmer directors, scared out of their wits by the seizure of Mr. Watt in Lanchow, failed to appear in Peking, the Red Chinese declared that this "signified guilt." The Vickers-Zimmer directors were "fined" in absentia for a million dollars, which "absolved" Peking from paying the Britishers and the Germans for the construction job they had done. The plant, incidentally, was worth three million pounds. The British taxpayer has been stuck with the loss, for the British government has a special set-aside fund to cover the risk of being defrauded by totalitarian states.

Mr. Watt says his own experience in China was no isolated case. Lurgi, a West German company, had its site manager, a Herr Von Xylander,

sentenced for ten years on a charge of spying. Von Xylander was subjected to two years of "interrogation," a word which covers a multitude of cruelties. Watt himself, in a six-month period of interrogation, had his shoulder dislocated, and was stabbed in the hand. The sight in his right eye and the hearing in his left ear are still defective because of the "help" he received in answering questions. He was "tried" by an open air mob and was sentenced by a female judge who spat in his face.

After the trial, the judge led the mob in a cheer, then spat at Watt a second time. Before starting on his three-year sentence, Watt was beaten by troops until he lost consciousness. His worst torture was still to come: In prison, he had to read four volumes of Marx's "Das Kapital" through. This was called "remolding."

Any American civil engineers who want to volunteer to build plants in Red China? On the basis of the Watt experience, they can count on a good education in Marxist economics, both practical and theoretical.

DID THE ATLANTIC ALONE—Niclette-Milne Walker, 28, looks real seaworthy as she stands with her parents at Newport, R.I., after a 44-day voyage sailing the Atlantic alone from Wales in her 30-foot sloop, the Aziz. Parents are Mr. and Mrs. Henry Milne Walker of Wales. She's the first woman to solo the ocean.

AUGUST, 1956
15 YEARS AGO

Dr. J. M. Hedges announced Dr. F. W. Anderson would be associated with him in the general practice of medicine at 118 N. Scioto St.

Mr. and Mrs. Robert Edgington, 1306 S. Court St. were parents of Circleville's first August baby, a son born Aug. 2.

Lloyd (Doc) Jonnes, grandson of the late and well-known Dr. Howard Jones of Circleville, administered to the Marshal Plan of foreign aid to Austria as programs operations officer of the International Co-operation Mission.

Dan, the horse that for many years pulled an ice wagon around the city, died in his 34th year. Retired as of the fall of 55, Dan was a familiar sight grazing in the pasture around the ice house on Island Road.

With a desire to "see the country," with a tank full of gas (one gallon), extra clothing, a few candy bars and a sleeping bag, Jerry Newton, 15, son of Mr. and Mrs. Delbert Newton of Route 1, New Holland, made a trip to Dallas, Texas and returned on his motor bike. The cross-country tour was made in six days. Cost, \$14.80.

Circleville's legendary sports figure, Jay Henry, recuperated in Berger Hospital from a fractured hip suffered in a fall from the roof of his home.

W. B. (Bill) Johnson resigned

his position of 5½ years as Williamsport mayor. He planned to remove to Fayette County.

A barn and its contents, including livestock, was burned to the ground on the Don Miller farm in Jackson Twp. after being struck by lightning in a severe electrical storm Aug. 13.

Ellen Patricia Griffin, daughter of Mr. and Mrs. Patrick Griffin, 161 Edison Ave., pronounced her vows to become a nun with the Franciscan Order as Sister M. Rosemary.

Three new buildings were to be put to use for the first time when fall term began in Circleville City Schools. They were E. Corwin St., E. Mound St. and S. Court St.

Mrs. Mary Holland Ayers, formerly of 478 Half Ave., died at the age of 102 years.

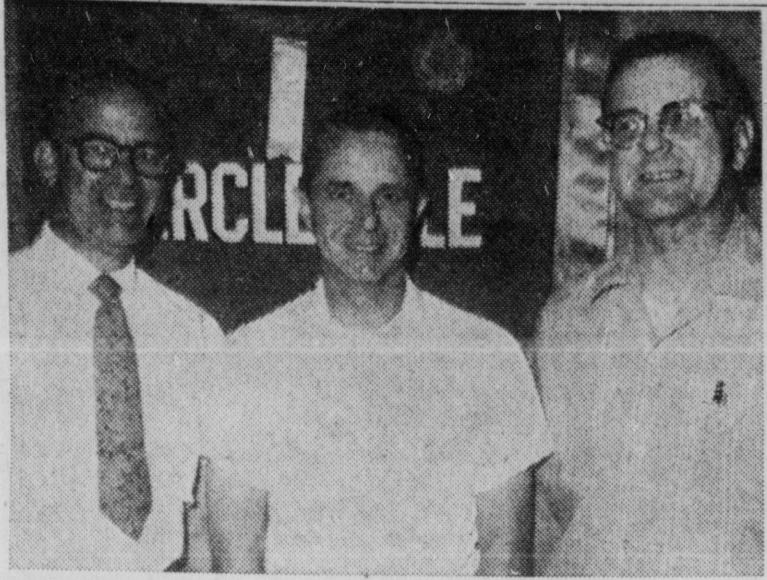

Dudley Carpenter, N. Pickaway St., was named general manager of J. W. Eselman and Sons Circleville plant.

Patsy Wills of Mt. Sterling and Dwight Beougher, Laurelvale, were winners of the annual Pickaway County 4-H Health contest.

The Rev. Melvin Maxwell, pastor of the local Church of Christ in Christian Union, was elected superintendent of the church's Ohio district.

NEW KIWANIANS — Ray Cundiff (left) and Ed Farynowsky (right) are two newest members of the Circleville Kiwanis Club installed during Monday evening's dinner session. They are new employees of GE and U.S.S. Chemicals. With them is their sponsor, Bill Fisher.

Okinawa Teacher Kiwanis Speaker

A land of quiet and hard working people of miniature proportion was the subject of an illustrated talk presented Monday night to the Circleville Kiwanis.

Guest speaker was Nancy Harden, a teacher on the also-miniature island of Okinawa working for the Department of Defense.

Miss Harden is a Circleville native who earned a degree as a therapist for hearing and speech defects. She has worked with servicemen's children on the small island for the past two years.

Okinawa's dimensions are small. The island spans 67 miles in length and from two to 15 miles wide at varying points. It supports a stable economy due to the U.S. military base and production of sugar cane, rice and pineapple. There are many beautiful cities and all the industry necessary to process their crops.

Miss Harden presented her opinion about the action to have the island returned to Japan by 1972 which is now before Congress. The action, she feels, is wrong because everyone believes the people will have the island to themselves. She believes a public appeal to local Congressmen should be made, requesting them to publicize the contents of the treaty to insure the proper moves will be taken that will be in the best interest to all.

According to the teacher, 10,000 men were lost by U. S. in regaining possession of Okinawa and it should not be given up simply because of political pressure, tossing away millions of American taxpayers' dollars used in developing the area.

During the dinner meeting, two new members were taken into the Kiwanis Club. Ray Cundiff, a former Clinton Valley Kiwanis Club Member from Michigan now working in the

Heifer Rustled From Area Farm

Shades of the old west returned to Pickaway County Monday with the rustling of a shorthorn heifer from the Pearl Greeno farm, Stoutsville.

A fence had been broken down and the heifer removed from the field between 7:30 p.m. and 9:30 p.m. Authorities are bewildered as to the method of removal as there were no signs of tire tracks in the area.

The animal belongs to Dr. Paul Teegardin, Route 3, and is valued at \$500.

Ayrshire, Guernsey, Jersey Open Shows Held Monday

NEW KIWANIANS — Ray Cundiff (left) and Ed Farynowsky (right) are two newest members of the Circleville Kiwanis Club installed during Monday evening's dinner session. They are new employees of GE and U.S.S. Chemicals. With them is their sponsor, Bill Fisher.

Okinawa Teacher Kiwanis Speaker

A land of quiet and hard working people of miniature proportion was the subject of an illustrated talk presented Monday night to the Circleville Kiwanis.

Guest speaker was Nancy Harden, a teacher on the also miniature island of Okinawa working for the Department of Defense.

Miss Harden is a Circleville native who earned a degree as a therapist for hearing and speech defects. She has worked with servicemen's children on the small island for the past two years.

Okinawa's dimensions are small. The island spans 67 miles in length and from two to 15 miles wide at varying points. It supports a stable economy due to the U.S. military base and production of sugar cane, rice and pineapple. There are many beautiful cities and all the industry necessary to process their crops.

Miss Harden presented her opinion about the action to have the island returned to Japan by 1972 which is now before Congress. The action, she feels, is wrong because everyone believes the people will have the island to themselves. She believes a public appeal to local Congressmen should be made, requesting them to publicize the contests of the treaty to insure the proper moves will be taken that will be in the best interest to all.

According to the teacher, 10,000 men were lost by U. S. in regaining possession of Okinawa and it should not be given up simply because of political pressure, tossing away millions of American taxpayers' dollars used in developing the area.

During the dinner meeting, two new members were taken into the Kiwanis Club. Ray Cundiff, a former Clinton Valley Kiwanis Club Member from Michigan now working in the

NANCY HARDEN

sales area for U.S. Chemicals in Circleville and Ed Farynowsky, a Warren, Pa. transfer employed by General Electric, were installed by Dwight Steel.

The group extended their good wishes to their musical accompanist, Gale Koonce, who was leaving her position with the group.

An announcement was made of the Family Reunion Sunday afternoon, 2 to 6 p.m. at the DuPont picnic grounds. Guest at the meeting was Tony Kamler, new press engineer at the RCA plant.

Miss Debra Lee Rollins, Richard Halley Are Wed

MR. AND MRS. RICHARD ALAN HALLEY

Miss Debra Lee Rollins became the bride of Mr. Richard Alan Halley 6:30 p.m. June 26 in Pontious United Methodist Church. The Rev. Paul Hooks performed the double ring ceremony before the altar adorned with vases of white daisies, chrysanthemums and baby's breath. White satin bows marked the family pews and seven branch candelabra were placed on either side of the altar.

Organist, Mrs. Louise Drummond and vocalist, the Rev. Joseph Barnes, presented a program of music preceding the ceremony.

The bride is the daughter of Mr. and Mrs. Estel Rollins Jr., Route 1, Rockbridge and the bridegroom is the son of the Rev. and Mrs. Liston Halley, Circleville.

The bride was given in marriage by her father. She selected for her wedding day a floor length gown of chantilly lace with an empire bodice, wedding ring collar and full length sleeves. Her elbow length veil of illusion was caught to a headpiece of lace and seed pearl petals. Her only jewelry was a heart shaped pendant, a gift of the groom, and she carried a white Bible topped with an arrangement of white rosebuds and multi-colored spring flowers tied with lover's knots.

Miss Barbara Whitcraft, maid of honor, was in a dotted Swiss full length gown of powder blue. The A-line designed gown featured a rounded neckline and puffed sleeves. She carried a bouquet of multi-colored spring flowers and wore a brief veil of illusion and flat matching bow as a headpiece.

Bridesmaids were Mrs. Cindy Rollins and Mrs. Beverly Rollins, sisters-in-law to the bride. They were dressed

identically to the maid of honor in lavender and mint green respectively and carried matching bouquets.

Debbie Altman and Melanie Ramsey were flower girls in pink dotted Swiss dresses made as the attendants. They carried baskets of rosebuds. Ring bearer was Steven Wasmer.

Mr. Randy Halley served his brother as best man. Ushers were Mr. Gary Rollins, brother of the bride; Mr. Eldon Young, Mr. Mike Metzler; Mr. Robin Halley and Mr. Roland Halley, brothers of the groom and Mr. Randy Rollins, brother of the bride.

Mrs. Rollins was attired in a street length lavender dress with lace sleeves. Mrs. Halley also wore a lavender dress. Corsages for both mothers were of pink sweetheart roses.

A reception in the social room of the church immediately followed the ceremony. A four tiered wedding cake encircled with daisies and greenery centered the refreshment table. Hostesses were Miss Nancy Altman, Mrs. Sharon MacMahon, Mrs. Georgia Griner, Miss Cheryl Carr and Miss May Bainter.

For her going-away costume the bride wore a pale blue voile dress with matching accessories and the corsage from her bridal bouquet. The couple now resides at Route 2, Rockbridge.

The new Mrs. Halley is a graduate of Logan Elm High School. Mr. Halley graduated from Allensville High School and Ohio University. He is currently teaching in the Logan Elm School System.

Out-of-town guests at the wedding were from Columbus, Logan, Wellston, Gallipolis and Jackson.

Meeting Postponed By Salem WSCS

The meeting of Salem WSCS slated for Thursday has been postponed one week due to the Pickaway County Fair.

The next meeting will be 8 p.m. Thursday, Aug. 12, at the church with Marie and Rena Boldoser as hostesses.

MR. AND MRS. PAUL EDWARD HOLBROOK

Miss Jeanette L. Leasure Bride Of Paul E. Holbrook

Miss Jeanette Louise Leasure, daughter of Mr. and Mrs. Chancey Leasure, Route 5, and Mr. Paul Edward Holbrook, son of Mr. and Mrs. James Holbrook, Route 1, Kingston, were united in marriage 2:30 p.m. July 17. The Rev. John Demint performed the double ring service in the First Church of Christ in Christian Union before the altar enhanced with four white piers, two baskets of white gladiolus and pompons and two candelabra holding white tapers.

Prenuptial selections were played by Mrs. Thomas Downing, organist.

The bride was given in marriage by Mr. Russell Robinson, her brother-in-law, and her mother, Mrs. Leasure. She was in a white nylon organza full length gown with an empire waist of Venice lace. The oval neckline was edged in scalloped lace and tiny covered buttons were placed down the front of the bodice. The long, full organza sleeves ended in lace bands at the wrists. The bride's chapel length train was accented by white roses and a self bow at the waist at the back of the gown. Her headpiece of iridescent and pearls on lace leaves held her elbow length veil of illusion and she carried a small white Bible topped with an arrangement of white daisies

and pink sweetheart roses tied with white satin streamers. She wore a gold braid necklace with an inlaid diamond.

Mrs. Kathy Thaxton, matron of honor, was attired in a pink formal length gown with an A-line skirt embroidered with pink ribbon around the V-neckline. The dress was covered with fine pink lace. Bridesmaids were Mrs. Linda Chaffin and Mrs. Betty Barnhart, dressed identically to the honor attendant. They all carried colonial bouquets of Marguerite daisies, cornflowers, carnations and pink sensation roses.

Flower girls, Sherri Lynn Imel and Mary Jackie Newman, were dressed as the attendants and carried baskets of pink sweetheart rose petals. They each wore a necklace with a miniature white Bible and cross.

Mr. Wayne Eugene Holbrook, served his cousin as best man. Ushers were Mr. Mike Holbrook, brother of the groom and Mr. Albert Smith, a nephew.

Mrs. Leasure selected for her daughter's wedding a light gray dacron dress embroidered with pink flowers, puffed sleeves and white accessories. Mrs. Holbrook chose a mint green and white nylon dress with white accessories. Corsages for the mothers were formed of

Families Make Fishing Trip To Canada

Mr. and Mrs. Marvin Myers, Pam and Ricky, 229 E. High St.; Mr. and Mrs. Donald Myers and children, 405 Avon Drive and Mrs. Lester Jashman, 818 S. Washington St., recently returned from a nine day fishing trip in Canada.

Some points of interest visited were Wikemkong and Indian Arts and Crafts, Little Current, Georgian Bay and Thomas Bay. The fish they brought home were mostly pike, jumbo perch and bass.

Mr. and Mrs. Marvin Myers had visitors from Sudbury, Canada. They were Mr. and Mrs. Stanley Thompson and Craig, Miss Karon Thompson and Terry Thompson who stayed nine days at Clover Valley Lodge so they could spend time with the Myers families.

Others visiting Canada were Mr. and Mrs. Raymond Myers, 150 Nicholas Drive, Mr. and Mrs. Everett Diehl and son Bobby of Plum St. They returned home after one week.

pastel colored daisies.

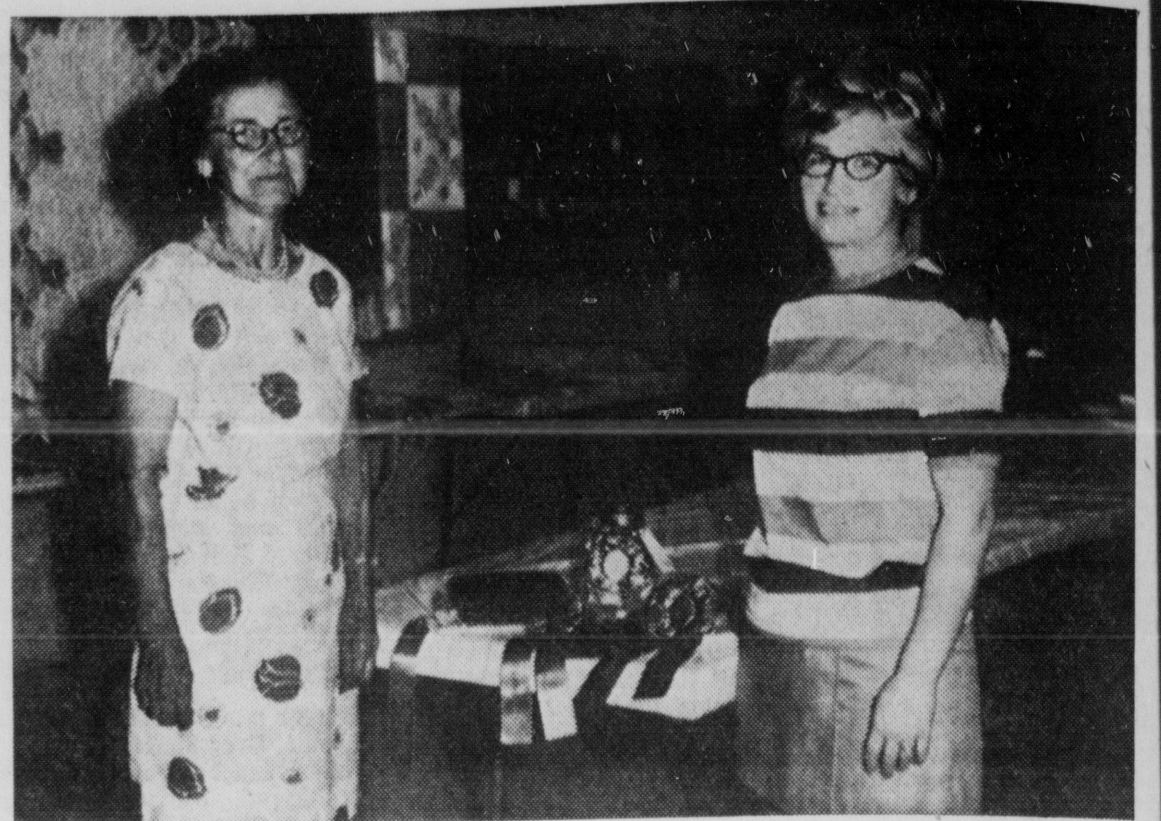

A reception at the 4-H and Grange building followed the ceremony. The three-tiered cake, with swan dividers, was encircled with multi-colored flowers and flanked with red crystal candelabra holding white tapers. Red punch bowls and matching mint plates also graced the table. The gift table was decorated with white and red streamers and a bride and groom centerpiece. Flowers were white gladiolus and pompons.

Hostesses were Mrs. Carol Adams, Mrs. Doris Imel, Mrs. Esther Newman, Mrs. Carolyn Robinson, Mrs. Katherine Amann and Mrs. Bonnie Imler.

For a wedding trip to Niagara Falls, Canada, the bride wore a navy blue and white crepe dress with short sleeves and square neckline. Her corsage was of white daisies and pink sweetheart roses. The couple now resides at Route 3, Circleville.

The new Mrs. Holbrook is a graduate of Amanda-Clearcreek High School and is employed by General Electric Lamp Plant in Circleville. Mr. Holbrook graduated from Zane Trace High School and is also employed by General Electric in Circleville.

Out-of-town guests at the wedding were Mr. and Mrs. Joseph Ulicny, Gahanna and Mr. and Mrs. Jerry Imel, Urbana.

CHAMPIONS — Winning championship honors in the Homemakers Department at the Pickaway County Fair are Mrs. Paul Stout, on the left, with Mrs. Richard Anderson. Mrs. Stout won awards for a can of peaches and gingerbread. Mrs. Anderson won her championship with a plate of yeast pan rolls.

Dinner Held At Cabin

A carry-in and cook-out dinner was held Saturday evening at the cabin of Mr. and Mrs. Charles Arledge near Tar Hollow State Park.

KEEP IT IN THE FAMILY — The Davis brothers showed their proficiency with a tractor as they took first and second place in the 4-H Tractor Operators Contest at the Pickaway County Fair. Roger, 15, seated on the tractor was the first place winner while Don Jr., 16, exhibits his second place trophy. The young men are the sons of Mr. and Mrs. Don Davis Sr., Rowie 2.

4-H Horse Show Is Popular Attraction At County Fair

A large number of entries in the 4-H Horse Show proved to be one of the highlights of the 1971 Pickaway County Fair. The popular event didn't come to a conclusion until 11:30 p.m. Monday.

Winners of the various classes were:

Junior Pony Showmanship — 1. Brian Adkinson.

Senior Pony Showmanship — 1. Nancy Weiland, 2. Donald Burgoon, 3. Ann Bowser, 4. Rodney Wilburn, 5. Wanda Zaenglein.

English Showmanship — 1. Pam Rutte, 2. Aunda Lintner, 3. Bob Schumm, 4. Marie Kellstadt, 5. Natalie Hancher.

Junior Western Horse Showmanship — 1. Vicky Thompson, 2. Mike Malone, 3. Cindy Tucker, 4. Cindy Gantz, 5. Wade Malone.

English Showmanship — 1. Paula Weiland, 2. Susie Weiland, 3. Sherry Bilek, 4. Elisabeth Schumm, 5. Joyce LaFontaine.

Junior Pony Horsemanship — 1. Robby Fitzgerald, 2. Brian Adkinson, 3. Rodney Archer.

Scioto Society Notes Progress

Scioto Society Inc. reports progress in its project to raise an outdoor theatre for a permanent historical drama.

The Society will open bids for beginning construction work Aug. 18 and hope for work to be started about Sept. 1.

A rough draft of the script "Tecumseh" has been produced by author Allan Eckert. It is being worked over by Society members to be returned to the writer for a final completion date of Jan. 1, 1972.

The Ohio Arts Council, the Institute of Outdoor Drama from Chapel Hill, North Carolina, are also studying the script and making recommendations on its dramatic structure.

Checking with the Scioto Society on the play's historical accuracy are the Ohio Historical Society and Elders of the Shawnee Nation, Shawnee, Okla.

Work has been started on Sugarloaf Mountain to clear timber from the areas which will be the base of the auditorium, parking areas and access roads. Construction on the access road will begin Aug. 14.

W. L. Mundell, Scioto Society Executive Vice President, will be in Circleville Aug. 10 to present a talk to the Historical Society. The meeting will be open to the public and begin 8 p.m.

damaging the door from the garage into the house. He said it cost about \$75 to repair the door. Insurance paid \$25 of the bill.

AN ordinance to advertise for bids for the air conditioning of council chambers was tabled at the request of Councilman Harold Clifton.

Clifton informed council a special meeting was being called 8 p.m. Monday to determine the means of financing remodeling and renovation of City Hall. The feasibility study calls for a central heating and air conditioning system.

All councilmen were present for Tuesday's meeting. They are David Goldschmidt, Samuel (Pete) Cook, Gladden Troutman, Frank Barnhill, Keith Wagner, David Crawford and Harold Clifton. Clerk Robert Shadley and President of Council Joe Bell were also present.

Mayor Richard Gerhardt again urged council to take action to acquire the right of way easement for the improvement of Atwater Ave. The mayor also reported the city took in about \$300 from its annual auction sale Saturday.

Councilman Goldschmidt, chairman of finance committee, reported the general fund showed a deficit of \$31,142.84. He said the distribution of current tax collections should help eliminate the deficit.

Moon Explorers Leave Orbit To Head For Home

SPACE CENTER, Houston (AP) — Apollo 15's astronauts wind up six days of moon exploration today, firing out of lunar orbit for the trip home and man's farthest-out space walk.

Before they leave, they'll add another dimension to one of history's greatest scientific expeditions. They'll eject into orbit a small satellite to probe additional moon secrets.

David R. Scott, James B. Irwin and Alfred M. Worden will complete the experiments in their flying science laboratory when they kick the satellite loose at 4:10 p.m. EDT.

At 5:20 p.m. they plan to trigger the engine of their spaceship Endeavour to break away from the grasp of lunar gravity and start the three-day trip back to earth.

Worden will take the space walk Thursday — about 196,000 miles from earth and more than 40,000 miles from the moon — to retrieve film canisters from an equipment bay at the rear of the Endeavour.

Because the hatch will be opened, all three men will be exposed to the vacuum of space and will wear pressurized suits.

Before they retired Tuesday night, capsule communicator Bob Parker asked them if they had taken sleeping pills the night before.

Astronauts traditionally have been reluctant to take medicine on space flights and Scott replied a bit testily: "No, there's been no medication taken by anybody on the flight."

Parker: "Okay. However, we down here would like to recommend for all three of you to take one tonight just to make sure we get another good night's sleep."

Scott: "I think that's unnecessary."

Parker: "Well, that's our recommendation anyway."

Since Scott and Irwin completed man's most productive exploration on the surface of the moon on Monday, the three astronauts have been in moon orbit operating a \$17-million array of cameras and scientific instruments, chemically and photographically charting nearly 20 per cent of the lunar surface.

The satellite is in the same equipment bay with the experiments. Rolled out on rails, it will be released by spring ejection into an orbit about 70 miles above the moon. It is 31 inches long and weighs 78.5 pounds.

Ground trackers hope to receive data from the payload for a year or more on the precise shape of the moon and

on gravity, magnetic and electric fields.

Already relaying data is a \$25-million nuclear-powered science station which Scott and Irwin deployed at Hadley Base near the moon's Apennine Mountains. Scientists reported they are receiving excellent signals on such phenomena as the lunar atmosphere, subsurface disturbances, radiation and the solar wind.

During three days on the moon, the explorers were outside the landing craft Falcon for nearly 19 hours, doubling the amount of time men spent on the moon in three previous landings, and traveled 17 miles in a motor car called Rover.

Commander Scott reported Tuesday they were bringing home between 175 and 180 pounds of rock and soil samples, enough to keep lunar geologists busy for years. Earlier, Mission Control estimated 230 pounds, but this included the weight of the containers.

"I don't think there is any question that we had a fantastic exploration mission," Dr. Harrison Schmitt, a geologist-astronaut, told newsmen. "The astronauts described crystalline rock that may well represent that early lunar crust."

"There's just no question in my mind we sent two very competent observational scientists to the moon," Schmitt said.

"Their operations on the second excursion and at Hadley Rille on the third excursion are a clear demonstration of that."

Scott, Irwin and Worden have been relatively untalkative while aligning the scientific instruments and aiming the cameras.

The experiments, some extended out to 25 feet from the sensors to study the chemical makeup of the surface and the atmosphere, possibly early volcanic activity and radiation. They are gathering the best data yet on the moon's backside, which cannot be seen from earth.

A 24-inch panoramic camera is gathering a stereoscopic record, with a resolution down to five feet. A three-inch camera is pinpointing landmarks to support the preparation of maps.

It is the film from these cameras which Worden will retrieve during the space walk Thursday.

He'll open the hatch of Endeavour, step outside and make his way on handrails about 15 feet to the scientific compartment at the rear of the spacecraft. He'll make two trips, one for each canister, in about 30 minutes time.

The walk is necessary because the bay is jettisoned before reentry and does not return to earth with the astronauts.

STUBBORN STEER — George Seimer (right) and Charles Boldoser plead and tug in an effort to get the reluctant steer back on its way to the weighin. The men were leading the steer when it decided to take to the midway and see what the fair was all about. This is just one of the fine animals to be seen at the Pickaway County Fair.

Nixon-Meany Conflict May Arise Over China Policy

WASHINGTON (AP) — AFL-CIO President George Meany, generally a supporter of President Nixon's foreign policies, appears headed toward a major break with the White House over Nixon's overtures to Communist China.

The issue, along with the big labor federation's bitter criticism of Nixon's economic policies, could become a part of the AFL-CIO's extensive politicking among its own 13.6 million members and other voters against Nixon's expected 1972 re-election bid.

However, some members of the 35-man executive council of the 122-union AFL-CIO reportedly have reservations about the wisdom of attacking Nixon's new China policy at least until after his planned visit to Peking, preferring to see if any good comes of the trip.

"I give Nixon a plus for winding down the war in Indochina and that ends the pluses," the 76-year-old Meany said recently in a broad hint at a forthcoming blast at Nixon's China move.

The issue is expected to come to a head at the AFL-CIO's executive council meeting opening in San Francisco next Monday.

While Nixon's overall relations with organized labor in general and the AFL-CIO in particular have never been of the best, he has enjoyed labor support on most aspects of his conduct of foreign policy. Meany has steadfastly supported Nixon's Vietnam war policies, as he did with previous Democratic presidents.

A sharp AFL-CIO attack on Nixon over the China issue could have some impact among blue-collar workers who Nixon has tried to woo away from the traditional ties with the Democratic party.

In another speech, Meany said Nixon's planned visit to China could damage U. S. dealings with Israel, West Germany and other countries afraid of any warming of U. S. - Communist relations.

Meany questioned whether Nixon's Peking visit would help win freedom for U. S. prisoners of war in North Vietnam.

"What is Red China's contribution to the cause of peace in our time? Are they going to put a little pressure on their junior partners in Hanoi to look at the prisoners - of - war issue in a humanitarian way?" Meany asked.

Meany raised some of his questions before Secretary of State William P. Rogers announced Monday the United States is dropping its longstanding opposition to admitting Communist China to the United Nations.

Jury Drawing Slated

Grand and petit juries for the fall term of the Common Pleas Court will be drawn 10 a.m. Aug. 21 in the office of the Clerk of Courts.

Bike Stolen At Fair

Douglas M. Winks, 205 W. Water St., notified the Pickaway County Sheriff's Department of the theft of his bicycle Tuesday afternoon from the Fair grounds.

But the labor chief's position reportedly has hardened since. He told a union convention after Rogers' announcement that the labor federation had supported much of Nixon's foreign policy — "up to now."

Jobless Rate Takes Jump

COLUMBUS, Ohio (AP) — What appeared to be the full impact of industrial layoffs due to the automobile model change-over was reflected today in unemployment figures released by the Ohio Bureau of Employment Services.

The number of new claims filed in the week ended July 31 amounted to 28,981, up from the 19,712 in the previous week.

William Papier, chief of the bureau's division of statistics, said 90 per cent of the increased number of claims was concentrated in three counties—Franklin, Montgomery and Trumbull, where there are big auto parts plants.

In Franklin the new claims jumped from 428 to 2,034, Montgomery County from 379 to 3,199 to 5,295.

Papier said it was too soon to see how the current steel situation would be reflected in the unemployment compensation claim picture.

The continuing claims filed in the week ended July 31 by those unemployed one week or more totaled 84,753 against the 82,179 filed in the previous week.

**MELONS: ECONOMICAL - NUTRITIOUS
AND GOOD EATING**

Whether you choose Cantaloupe, Casaba, Honeydew, Watermelon or any of the other varieties of melons available at economical prices this time of year, your family is sure to enjoy their sweet succulent flavor.

Melons go well with any summer meal, used as an appetizer, in a salad or as a light dessert. Melons are a good source of vitamins A and C, and are low in calories — approximately 30 calories per 3 ounces. To store melons, keep unripe fruit at room temperature. Ripe fruit should be kept in a cool place. Chill just before serving. Unused melon should be covered and stored in the refrigerator. Ripe melons, wrapped in plastic or foil, can be kept in the refrigerator for a week, but after that, when the fruit is removed, the tissue breaks down rapidly at room temperature. Melons are not recommended for freezing alone but may be frozen in combination with other fruits, then served partially thawed.

MELONS: ECONOMICAL — NUTRITIOUS
AND GOOD EATING

Whether you choose Cantaloupe, Casaba, Honeydew, Watermelon or any of the other varieties of melons available at economical prices this time of year, your family is sure to enjoy their sweet succulent flavor.

Melons go well with any summer meal, used as an appetizer, in a salad or as a light dessert. Melons are a good source of vitamins A and C, and are low in calories — approximately 30 calories per 3 ounces. To store melons, keep unripe fruit at room temperature. Ripe fruit should be kept in a cool place. Chill just before serving. Unused melon should be covered and stored in the refrigerator. Ripe melons, wrapped in plastic or foil, can be kept in the refrigerator for a week, but after that, when the fruit is removed, the tissue breaks down rapidly at room temperature. Melons are not recommended for freezing alone but may be frozen in combination with other fruits, then served partially thawed.

Five Points News

By Mrs. Francis Furniss

There were 11 present at the United Methodist Sunday School "Sunday morning" worship service followed by Youth Group Crusade for Christ.

The Five Points United Methodist Social Hour Club held their July meeting Friday evening July 30 in the church basement. A lovely covered dish supper preceded the meeting. The meeting opened with group singing, "Give of Your Best to the Master." Laura Long, president, read scripture from Luke 10:25-37 verses followed by meditations "Hands Outstretched to Help" by Mrs. Elbee Jones and prayer. Roll call was answered by twelve members and the secretary, Mrs. Francis Furniss, read the report of the last meeting. Mrs. Clark Dennis, treasurer, gave the financial report and reported flowers had been sent to Mr. C. D. Hosler, Mrs. Helen Phillips, Mrs. E. L. Sheets and Mr. Otha Lewis, who have been in the hospitals.

Birthday dues were paid by Mr. and Mrs. Herman Porter, Mrs. Arthur Winfough, Mr. and Mrs. Elbee Jones, Mrs. Francis Furniss, Miss Laura Long, Rev. Printis Spear and Mrs. Clark Dennis. The program opened with a reading, "The Legend" by Mrs. Clark Dennis. "The Touch of the Master's Hand" was read by Mrs. Furniss and Mrs. Arthur Winfough read the "Legend of the Raindrop." The program closed with group singing "An Evening Prayer" and Miss Long read "A Prayer for Our World."

There will be no meeting in August as this is vacation month. The next regular meeting will be held Sept. 24 with Mr. and Mrs. Clyde Michel as hosts.

Mr. and Mrs. Francis Furniss and son Harold and Miss Laura Long were Thursday evening dinner guests of Mr. and Mrs. Gene R. Donohoe of near Washington C. H. The occasion celebrated Mrs. Donohoe's birthday.

Mr. and Mrs. Elbee Jones were Saturday dinner guests of Mrs. Mae DeLay in Derby and attended the homecoming.

The members of the Monrovia Garden Club sponsored a picnic with plenty of fried chicken for the pleasure of the Therapy Class of the Orient State School, which they have sponsored the past year on July 26. Those assisting with the pleasant affair were Mrs. Ruth O'Day, Mrs. Laura Henry,

Elderly Warned Against Frauds

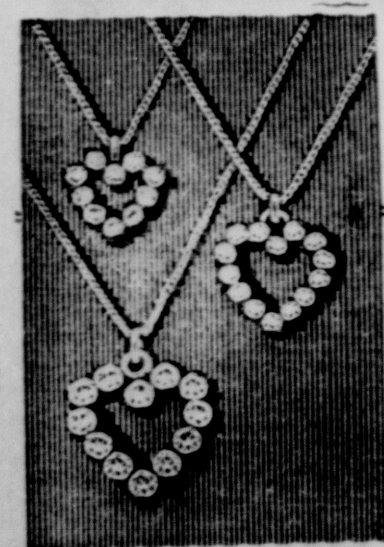

COLUMBUS, Ohio (AP) — Atty. Gen. William Brown said Monday that many Ohio senior citizens are not aware of new laws designed to protect them against "retirement home" land frauds.

He also said many older persons are unaware of the options open to them if they feel they have been defrauded.

Under recent legislation, anyone selling out-of-state land in Ohio must submit a notarized application giving a detailed description of the property for sale and a statement of the owner's financial responsibility.

Arabs On The Job

TEL AVIV (AP) — More than 20,000 Arabs from the occupied West Bank of Jordan were employed in Israel in the beginning of 1971. Another 8,500 Arabs from the Gaza Strip worked in Israel.

Derby News

Mrs. Georgia Sweet — 869-2462

Our deepest most heartfelt sympathy is extended to Mr. and Mrs. Maxwell Graham and daughter Cheryl and to other relatives of Mr. Harvey Graham who passed away on Thursday of last week at his home. Mr. Graham was a retired farmer, a member of Derby IOOF Lodge and Harrisburg K of P Lodge for many years, and well-liked by all who had the pleasure of knowing him.

Don't forget that Vacation Bible School will begin Aug. 16 for children of the Clark's Lake area at the Southwest Church of the Nazarene on Ballah road. Classes will begin on Aug. 16 through Aug. 20. The time is 9:30 to noon. It is for all children in the area from ages three through 12 with stories, games, crafts and fun. There will be a Vacation Bible School parade on Aug. 15, and a Bible School program on Aug. 22.

Starting Aug. 9, Clark's Lake is offering swimming classes to beginners and advanced beginners as well as a life saving class. This class, according to program chairman Mike Alkire, is being offered to qualify residents in the area for life saving techniques.

Mr. and Mrs. Jerry Brown and son Robbie called on Mr. and Mrs. Archie Sweet on

Pickaway Grange

NEBRASKA GRANGE

Worthy Overseer Chester Noecker, presided over the Tuesday meeting of Nebraska Grange, in the absence of the Worthy Master.

A report of the Youth Chairman, Edward Crites, was given. He reported on the county youth swimming party held at his home and a farewell party for Ron Hendershot, who has joined the Air Force. He also announced the next meeting would be held at the Melvin Archer home.

The chairman of women's activities Mrs. Joseph Peters, asked for help and food to serve at the County Fair on Tuesday, the Blood Bank on Thursday, Aug. 5, and for Pomona Grange, which meets Aug. 13.

Brother Noecker asked for volunteers to help man the fair gates on Tuesday. A contribution was voted to Crop.

At the next regular meeting on September 7, election of officers will be held. Serving on the September committee will be Mr. and Mrs. Kenneth Riegel, Mr. and Mrs. Jay Hay and Mr. and Mrs. Melvin Archer.

Members adjourned to the dining hall for refreshments served by Mrs. Ralph Barr and Joyce Ann.

STAR GRANGE

Members of Star Grange gathered at the Monroe School auditorium Tuesday evening, July 27 for their annual picnic supper.

A supper was served at 7:30 p.m. A short business session was held with Worthy Master Harold Furniss presiding. The Women's Activity chairman, Mrs. Wilbur Beathard, reported that she and several grangers had visited the new Pickaway Manor and took cookies and tray favors for the patients there. She also gave a detailed report of the bake sale held on Saturday at Buckeye Mart. It was a decided success as a money making project.

The secretary, Mrs. Helen Hammel read a "thank you" note from Mrs. Thelma Smith, administrator of Pickaway Manor, expressing her appreciation for the cookies and favors for the patients. Mrs. Paul Dawson reported that Star Grangers are to man the gates on Sunday for the fair instead of Wednesday as previously announced.

She also announced that Pomona Grange will be held on Aug. 13 at 8 p.m. at the 4-H and Grange building.

The rest of the evening was spent completing plans for the Grange Booth at the Pickaway County Fair.

The next regular meeting will be held Sept. 14 at 8 p.m. and will feature election of officers. All grangers are urged to attend.

Sunday afternoon.

News has reached us here of the death of Donald Steven Erb.

Happy birthday to: Susan Johnson, Scott Lahrmie, Aug. 1; Rex Allen Looney (11), John S. Riddle, Elaine Clark, Aug. 2; Dennis Tobin, Connie

Drummond, and Mrs. E'aine Shea, Aug. 3; Everett Grabill, Aug. 4; Lillian Nance, Larry Vance, Jodi Lynn Walters, Aug. 5; Marie Bowsher, Judy Schein, and Jill Long, Aug. 6; Darrell Caudill, Aug. 7.

Belated anniversary greetings to Mr. and Mrs. Dayton Yoakum who celebrated 32 years of married life on July 29 and to Mr. and Mrs. Harry

Rice, Aug. 2; Mr. and Mrs. Charles Towler, Aug. 3.

Herman Rowland wishes to thank all his relatives and friends who sent him cards and flowers while he was in Madison County Hospital recently. Also they tell me folks have been very kind and thoughtful since he has returned home. He is improving, but

much more slowly than he had hoped.

Under the weather and suffering from a bad cold, Miss Nancy Smith, Hope she will soon be feeling better.

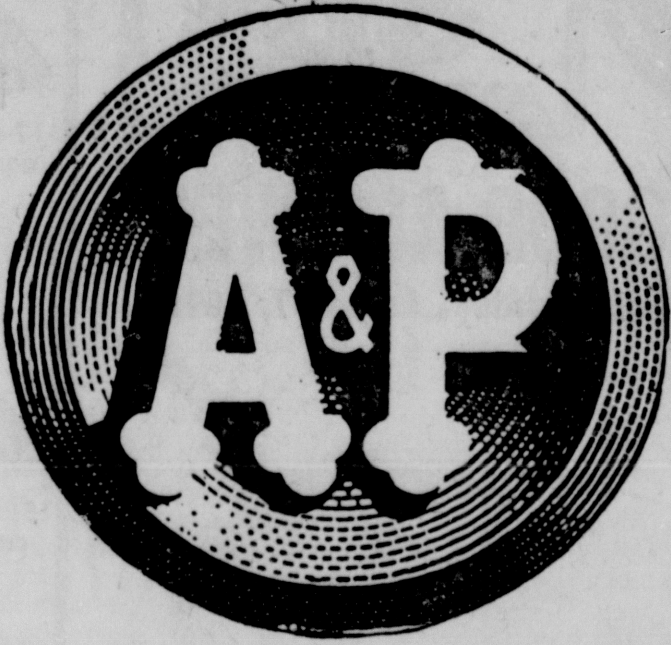

Mrs. Herman Roland was very pleasantly surprised on July 28 by a visit from two close friends, Mrs. Mary Kunz of 45 Grove City Road, Grove

City, and Mrs. Carrie Em-melhainz of Beatty Road, Grove City.

Archie Sweet called on his friend Roy Waterman of near Mt. Sterling on Tuesday of last week.

Mr. and Mrs. George Wickham and son Duane have just returned from a vacation

touring the South. They visited relatives in Florida and saw many sights of interest as far south as the Marathon Islands in the Keys. Then on their return trip they were able to park their car within 12 miles from Cape Kennedy Space Center and saw the Moon missile as it was launched. They report it was a beautiful sight and experience.

Five Points News

By Mrs. Francis Furniss

There were 11 present at the United Methodist Sunday School service followed by Youth Group Crusade for Christ.

Mrs. Libby Rodgers, Mrs. Marie Hott, Miss Laura Long, Mrs. Harry J. Smith, Mrs. Herman Porter, Mrs. Clyde

Mrs. Mary Grabill and Mrs. Carol Sue Dilley were Tuesday afternoon guests of Mr. and Mrs. Clark McCafferty. Mrs. Edgar Fultz was their Friday evening guest.

Mrs. Helen Phillips got home from Mt. Carmel Hospital Sunday morning. She is getting along very well following her auto accident.

Mr. and Mrs. Charles Paulin of London were Saturday afternoon guests of Mrs. Shirley Anderson. Mr. and Mrs. John Goldsberry of near Johnstown

Mr. and Mrs. Fill Stanley, Mrs. Marguerite Snyder of Columbus and Miss Stella Snyder were Sunday guests of Mr. and Mrs. Loring Stoer.

Mr. and Mrs. Joe McCafferty of Columbus visited Sunday afternoon with Mr. and Mrs. Ernest Sheets. Their evening guests were Mr. and Mrs. Clark Dennis and Mr. and Mrs. Festus Hill.

Mr. and Mrs. William Riley and family visited Sunday with Mr. and Mrs. Harold Brill and son Terry Gene and little daughter Tracey Lynn. Mrs. Marion Riley remained for a week's visit.

The Five Points United Methodist Social Hour Club held their July meeting Friday evening July 30 in the church basement. A lovely covered dish supper preceded the meeting. The meeting opened with group singing. "Give of Your Best to the Master." Laura Long, president, read scripture from Luke 10:25-37 verses followed by meditations "Hands Outstretched to Help" by Mrs. Elbee Jones and prayer. Roll call was answered by twelve members and the secretary. Mrs. Francis Furniss, read the report of the last meeting. Mrs. Clark Dennis, treasurer, gave the financial report and reported flowers had been sent to Mr. C. D. Hosler, Mrs. Helen Phillips, Mrs. E. L. Sheets and Mr. Otha Lewis, who have been in the hospitals.

Birthday dues were paid by Mr. and Mrs. Herman Porter, Mrs. Arthur Winfough, Mr. and Mrs. Elbee Jones, Mrs. Francis Furniss, Miss Laura Long, Rev. Printis Spear and Mrs. Clark Dennis. The program opened with a reading, "The Legend" by Mrs. Clark Dennis. "The Touch of the Master's Hand" was read by Mrs. Furniss and Mrs. Arthur Winfough read the "Legend of the Raindrop." The program closed with group singing "An Evening Prayer" and Miss Long read "A Prayer for Our World."

There will be no meeting in August as this is vacation month. The next regular meeting will be held Sept. 24 with Mr. and Mrs. Clyde Michel as hosts.

Mr. and Mrs. Francis Furniss and son Harold and Miss Laura Long were Thursday evening dinner guests of Mr. and Mrs. Gene R. Donohoe of near Washington C. H. The occasion celebrated Mrs. Donohoe's birthday.

Mr. and Mrs. Elbee Jones were Saturday dinner guests of Mrs. Mae DeLay in Derby and attended the homecoming.

The members of the Monrovia Garden Club sponsored a picnic with plenty of fried chicken for the pleasure of the Therapy Class of the Orient State School, which they have sponsored the past year on July 26. Those assisting with the pleasant affair were Mrs. Ruth O'Day, Mrs. Laura Henry,

Elderly Warned Against Frauds

COLUMBUS, Ohio (AP) — Atty. Gen. William Brown said Monday that many Ohio senior citizens are not aware of new laws designed to protect them against "retirement home" land frauds.

He also said many older persons are unaware of the options open to them if they feel they have been defrauded.

Under recent legislation, anyone selling out-of-state land in Ohio must submit a notarized application giving a detailed description of the property for sale and a statement of the owner's financial responsibility.

Arabs On The Job

TEL AVIV (AP) — More than 20,000 Arabs from the occupied West Bank of Jordan were employed in Israel in the beginning of 1971. Another 8,500 Arabs from the Gaza Strip worked in Israel.

Horoscope Forecast

By Carroll Righter

THURSDAY'S HOROSCOPE

GENERAL TENDENCIES:

An unusually good day and evening for you to make those long-range plans that can give you the security and the favorable conditions that mean a great deal to you. If you must seek suggestions from anyone, make sure it is one of vast experience who knows all phases of your particular problem. Be tactful.

ARIES (Mar. 21 to Apr. 19) Know what it is that a bigwig wants of you and then carry through to the very best of your ability. Much satisfaction comes from work that is truly well done. Remuneration also becomes commensurate with effort put into it.

TAURUS (Apr. 20 to May 20) Put aside boring work and look into new outlets that are far more satisfying and well-paying. Some new contact can give you right answer to some problem you may have. Avoid chatterboxes, though.

GEMINI (May 21 to June 21) Use standard systems if you want to solve those problems ahead of you and they are soon behind you. You have good common sense. Use it also where your mate is concerned and all goes more smoothly for you.

MOON CHILDREN (June 22 to July 21) You are articulate and can come to a far better understanding with an associate who has been a little too forceful lately. Use diplomacy and you soon have this person eating out of your hand.

LEO (July 22 to Aug. 21) Don't waste a moment of today's fine influences; you can get much accomplished and also gain the goodwill of down-in-the-mouth co-workers who need cheering. Make wheels of industry run smoothly. Find right articles for your wardrobe, too.

VIRGO (Aug. 22 to Sept. 22) Get together with congenials at the recreations you need to lift you out of the doldrums. Pay a compliment to mate that brings good results. Stop being so self-centered. Give more of yourself.

LIBRA (Sept. 23 to Oct. 22) Home and family should be the center of your focus today since you can increase both harmony and security needed there. Get appliances repaired for greater efficiency. Work in your study tonight.

SCORPIO (Oct. 23 to Nov. 21) You are thinking cleverly now and can make your work easier while increasing profits. Talk over with associates ways in which projects can be made more successful. Whoever opposes you should have avoided.

SAGITTARIUS (Nov. 22 to Dec. 21) Plan ways of increasing income in the future so you will not have to worry about necessities. Get the advice you need from that clever business expert. This can open a new door of opportunity for you.

CAPRICORN (Dec. 22 to Jan. 20) Out to social affairs and make new contacts important for the future. Dress your best and create a good impression. Think in terms of more money in the future.

AQUARIUS (Jan. 21 to Feb. 19) You have solid ideas now and can get the practical advice you need from experts. Contact a person you have liked a long time. This can lead to a great deal of enjoyment socially.

PISCES (Feb. 20 to Mar. 20) Renewing old friendships could prove most enjoyable as well as profitable for you, so try to do this. Repay social responsibilities, also. You can accomplish more via the social route today than you can in other ways.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those charming young people who want to feel secure and can find the right system for bringing benefits his or her way. The field of construction would be excellent, especially large projects. While young, your progeny will come to the attention of bigwigs, especially older people, who will pave the way to success early in life. Give as good an education as you can.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU! ((c) McNaught Syndicate, Inc.)

Dear Abby: Daughter Likes Older Men

DEAR ABBY: We have a 17-year-old daughter who prefers to date older men. Last year it was a 21-year-old, and when we found out how old he was we put a stop to it immediately.

Last month we learned that she was seeing a 24-year-old man behind our backs. When we confronted her with it she said if we tried to stop her from dating him she would run away.

Abby, she tells us now that if we can't allow her to openly date whomever she wants, and if we don't make him welcome in our home, she will leave. She is our only daughter and we don't want her hurt, but I guess we just don't know how to handle her. Can you give us an outside opinion? Please hurry your answer.

CONCERNED PARENTS
DEAR PARENTS: Don't automatically turn thumbs down on older fellows. Some are more responsible than the younger ones. The important factor here is the degree of maturity your daughter has achieved at 17. Threatening to "run away" unless she has her own way strikes me as being immature. But insisting that she be able to bring her dates home for you to meet sounds quite mature. Let her bring her dates home, then meet them and judge them on their personalities — not their ages.

DEAR ABBY: What do you think of a son who writes to his mother and tells her how long she can stay when she visits him?

In the four years my son has been married I have visited him only once, and that was at Christmas two years ago. I stayed for eight days. I plan to visit again in September, and the following is a quote from a letter I received from

my son yesterday: "We hope you will come to visit us, but Mom, please don't plan on staying any longer than five days as that is our time limit for guests."

Abby, since when is a mother a guest? I never get in their way and I thought we got along fine. They have a spare bedroom and I never made any extra work for anybody.

I felt so badly when I got this letter I considered not going at all, but I get so lonesome for my son as he is my only child and I am a widow.

It's not an easy trip as I have a lame back and it's 10 hours on a bus. Please tell me what to do.

HURT IN OHIO
DEAR HURT: If you were to deny yourself the trip you would punish yourself more than your son. Make the trip, Mother, and stay five days.

DEAR ABBY: This is in regard to "Can't Forget in Minnesota." He married an unwed mother who told him who the baby's father was and all the sordid details of her mistake. Then he said he had wished a thousand times that she had never told him. Well, I will lay odds that she has wished 2,000 times that she had never told him.

The letter didn't say how long they've been married, but if he still makes her pay daily for her mistake by letting her know that he can't forget, I sincerely hope she looks herself in the mirror soon and says, "I have had enough. He will never change." And then leaves him. It will not be the end of the world. Sign me

BEN THERE
CONFIDENTIAL TO "OLD MAID IN ORLANDO": If you label yourself "Old Maid" everyone else will. A very wise Frenchman once said, "No woman under 40 can possibly have acquired the experience, wisdom and emotional maturity to be interesting to a mature man."

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Following is the Ohio weather summary from the National Weather Service.

Cool weather is forecast across Ohio the next two days with temperatures averaging about 10 degrees below normal. Highs in the 70s and lows in the 50s are predicted.

A cold front moved south across the state Tuesday bringing showers and thundershowers. The heaviest rainfall was 1.52 inches reported at Dayton. Heavy rainfall was also reported overnight in the Toledo area.

Rain is expected to continue today in southern Ohio. Warmer, summer weather will return by the end of the week with readings in the 80s Saturday and Sunday.

FORECASTS

OHIO — Showers ending by late this evening in all but southern counties. Lows in the 50s. Partly cloudy and mild Thursday with a chance of showers south. Highs in the mid to upper 70s.

WEST CENTRAL, CENTRAL, EAST CENTRAL — Mostly cloudy with showers likely tonight. Partly cloudy with little change in temperature Thursday. High in the upper 70s.

SOUTHWEST, SOUTHEAST — Considerable cloudiness with showers and possibly thundershowers today and tonight. Lows near 60. Variable cloudiness and mild with a chance of showers Thursday. Highs in the upper 70s.

Derby News

Mrs. Georgia Sweet — 869-2462

Our deepest most heartfelt sympathy is extended to Mr. and Mrs. Maxwell Graham and daughter Cheryl and to other relatives of Mr. Harvey Graham who passed away on Thursday of last week at his home. Mr. Graham was a retired farmer, a member of Derby IOOF Lodge and Harrisburg K of P Lodge for many years, and well-liked by all who had the pleasure of knowing him.

Don't forget that Vacation Bible School will begin Aug. 16 for children of the Clark's Lake area at the Southwest Church of the Nazarene on Ballah road.

Classes will begin on Aug. 16 through Aug. 20. The time is 9:30 to noon. It is for all children in the area from ages three through 12 with stories, games, crafts and fun. There will be a Vacation Bible School parade on Aug. 15, and a Bible School program on Aug. 22.

Starting Aug. 9, Clark's Lake is offering swimming classes to beginners and advanced beginners as well as a life saving class. This class, according to program chairman Mike Alkire, is being offered to qualify residents in the area for life saving techniques.

Mr. and Mrs. Jerry Brown and son Robbie called on Mr. and Mrs. Archie Sweet on

Pickaway Grange

NEBRASKA GRANGE

Worthy Overseer Chester Noecker, presided over the Tuesday meeting of Nebraska Grange, in the absence of the Worthy Master.

A report of the Youth Chairman, Edward Crites, was given. He reported on the county youth swimming party held at his home and a farewell party for Ron Hendershot, who has joined the Air Force. He also announced the next meeting would be held at the Melvin Archer home.

The chairman of women's activities Mrs. Joseph Peters, asked for help and food to serve at the County Fair on Tuesday, the Blood Bank on Thursday, Aug. 5, and for Pomona Grange, which meets Aug. 13.

Brother Noecker asked for volunteers to help man the fair gates on Tuesday.

A contribution was voted to Crop.

At the next regular meeting on September 7, election of officers will be held. Serving on the September committee will be Mr. and Mrs. Kenneth Riegel, Mr. and Mrs. Jay Hay and Mr. and Mrs. Melvin Archer.

Members adjourned to the dining hall for refreshments served by Mrs. Ralph Barr and Joyce Ann.

STAR GRANGE

Members of Star Grange gathered at the Monroe School auditorium Tuesday evening, July 27 for their annual picnic supper.

A supper was served at 7:30 p.m. A short business session was held with Worthy Master Harold Furniss presiding. The Women's Activity chairman, Mrs. Wilbur Beathard, reported that she and several grangers had visited the new Pickaway Manor and took cookies and tray favors for the patients there. She also gave a detailed report of the bake sale held on Saturday at Buckeye Mart. It was a decided success as a money making project.

The secretary, Mrs. Helen Hammel read a "thank you" note from Mrs. Thelma Smith, administrator of Pickaway Manor, expressing her appreciation for the cookies and favors for the patients. Mrs. Paul Dawson reported that Star Grangers are to man the gates on Sunday for the fair instead of Wednesday as previously announced.

She also announced that Pomona Grange will be held on Aug. 13 at 8 p.m. at the 4-H and Grange building.

The rest of the evening was spent completing plans for the Grange Booth at the Pickaway County Fair.

The next regular meeting will be held Sept. 14 at 8 p.m. and will feature election of officers. All grangers are urged to attend.

infant son of Mr. and Mrs. Ronnie Erb. Sympathy is extended to them at this time and our condolences to paternal grandparents Mr. and Mrs. Bill Erb.

Happy birthday to: Susan Johnson, Scott Lahrm, Aug. 1; Rex Allen Looney (11), John S. Riddle, Elaine Clark, Aug. 2; Dennis Tobin, Connie

Drummond, and Mrs. E'aine Shea, Aug. 3; Everett Grabill, Aug. 4; Lillian Nance, Larry Vance, Jodi Lynn Walters, Aug. 5; Marie Bowsher, Judy Schein, and Jill Long, Aug. 6; Darrell Caudill, Aug. 7.

Belated anniversary greetings to Mr. and Mrs. Dayton Yoakum who celebrated 32 years of married life on July 29 and to Mr. and Mrs. Harry

Rice, Aug. 2; Mr. and Mrs. Charles Towler, Aug. 3.

Herman Rowland wishes to thank all his relatives and friends who sent him cards and flowers while he was in Madison County Hospital recently. Also they tell me folks have been very kind and thoughtful since he has returned home. He is improving, but

much more slowly than he had hoped.

Under the weather and suffering from a bad cold, Miss Nancy Smith. Hope she will soon be feeling better.

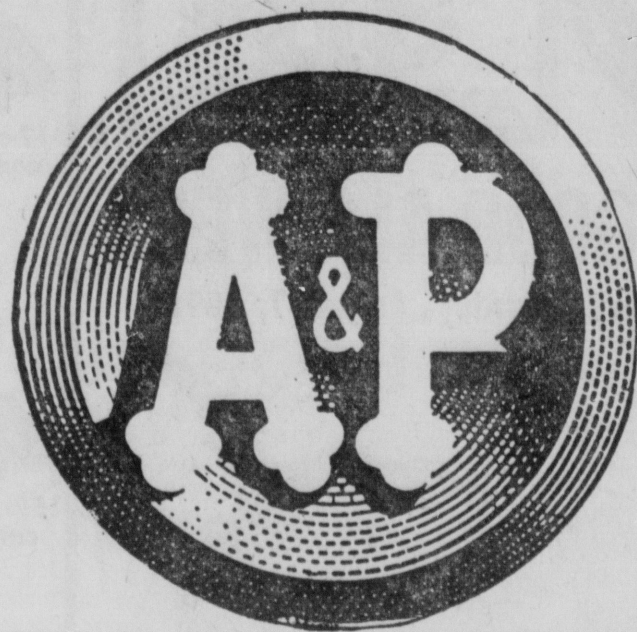

Mrs. Herman Roland was very pleasantly surprised on July 28 by a visit from two close friends, Mrs. Mary Kunz of 45 Grove City Road, Grove

City, and Mrs. Carrie Emelhainz of Beatty Road, Grove City.

Archie Sweet called on his friend Roy Waterman of near Mt. Sterling on Tuesday of last week.

Mr. and Mrs. George Wickham and son Duane have just returned from a vacation

touring the South. They visited relatives in Florida and saw many sights of interest as far south as the Marathon Islands in the Keys. Then on their return trip they were able to park their car within 12 miles from Cape Kennedy Space Center and saw the Moon missile as it was launched. They report it was a beautiful sight and experience.

Padres Bang 13 Hits In Win Over Cards

by HAL BOCK
Associated Press Sports Writer

Steve Arlin, the pitching dentist, took some of the bite out of the St. Louis Cardinals and it turned up, of all places, in the bats of the San Diego Padres.

Arlin hurled a four-hitter Tuesday night and got some unusually lusty hitting from the Padres to beat the Cardinals 6-1.

Elsewhere in the National League Tuesday, Pittsburgh ripped Montreal 10-6, Chicago shut out Houston 5-0, Philadelphia edged Atlanta 3-2, Los Angeles blizzed San Francisco 9-1 and Cincinnati split a doubleheader in New York, winning 5-2 before losing 9-4.

In the American League, New York clipped Cleveland 8-1, Oakland took Kansas City 7-1, Minnesota nipped Chicago 4-3 in 10 innings, Washington trimmed Detroit 4-2 and Milwaukee shut out California 2-0. Boston at Baltimore was rained out.

Arlin's sharp performance against the Cardinals was the 10th complete game in the last 16 starts for the Padres' staff. But San Diego has won only six of those games. In 69 games since May 23, the San Diego pitching staff has a 2.97 earned run average. Yet the club's worst mark was 27-42 over that span. Blame the batters.

But the Padres managed 13 hits Tuesday night and gave

Arlin four runs in the first four innings. That was enough for the ex-Ohio State star, who boosted his record to 6-13 and needed just 98 pitches to do the job.

Arlin made it to spring training for the first time this year. Previous springs were devoted to his dental studies at Ohio State. They were completed last June and now Arlin can pull teeth when he's not pitching.

Gene Alley hammered a pair of home runs and Pittsburgh bunched six runs in the eighth inning to beat Montreal. Alley's second homer touched off the big inning and Manny Sanguille ripped a bases-loaded triple. Then Vic Davalillo climaxed the rally with a two-run double.

Unbeaten Bob Veale earned the victory in relief, running his record to 6-0.

Rookie John Vukovich, who carried a .157 batting average into the game, drove home two Philadelphia runs including the winner with a single and a double as the Phillies knocked off Atlanta.

Hank Aaron's 31st homer of the season and 623rd of his career had balanced rookie Willie Montanez' early homer but Vukovich put the Phillies ahead with a seventh-inning single after Lon Money had doubled.

Rookie Earl Williams tied it again for the Braves in the ninth, jolting a two-out homer. But the Phillies bounced back

with Roger Freed singling and Vukovich drilling a double to score pinch runner Larry Bowa with the winning tally.

Bill Hands tossed a five-hitter and Ron Santo hammered his 17th home run, helping the Cubs past Houston.

Santo's homer was the game's only run until the ninth when Chicago ganged up on reliever Fred Gladding for four more. J. C. Martin drove in two of the runs with a single.

Boyle Alexander hurried a six-hitter and the Dodgers exploded for four runs in the first inning and whipped San Francisco.

Steve Garvey, whose three-run homer beat the Giants in the ninth inning the night before, singled in two of the Dodgers' early runs as LA trimmed San Francisco's National League West lead to seven games.

Tony Perez hammered a three-run homer, climaxing a four-run Cincinnati rally in the sixth inning as the Reds knocked off the Mets in the first game of their doubleheader. Lee May also homered for the Reds.

In the nightcap, New York collected 12 hits as Charlie Williams pitched his first major league complete game. Rookie Tim Lincecum pitched in three of the Mets' runs with a pair of doubles as winless Jim Merritt absorbed his 11th consecutive loss.

See Browns Making Cuts In Roster

HIRAM, OHIO (AP) — The Cleveland Browns were expected to make some roster cuts today in preparation for their trip to San Francisco Friday for the exhibition opener two days later against the 49'ers.

The number of players dropped is not, however, expected to be large since the team is not too deep at most positions. The roster stands at 59 currently, since guard-center Bob Lueke, signed over the weekend, quit camp, citing a lack of desire to play.

Lueke had played the past five seasons with Calgary in the Canadian Football League and it had been hoped that he would fill the shoes of the retired Chuck Reynolds.

Speaking before the Hiram Day luncheon group Tuesday, head coach Nick Skorich said the team looked improved at all positions.

He called the crop of receivers "as good as any" and said the running backs which total seven have "the finest depth in the eight years I've been here."

Still, Skorich said the two biggest ingredients in a winning team were the defensive unit and the quarterback, in that order.

BROWNS BANK ON HIM — Mike Phipps, the one-time great Purdue signal caller, is being groomed by the Cleveland Browns as their No. 1 quarterback for 1971. Here's Mike working out at the Browns' Hiram, Ohio, training camp.

Youth Baseball Sets Fish Fry

Circleville Youth Baseball Program will sponsor a fish fry from 10 a.m. to 8 p.m. Sunday at Ted Lewis Park.

Ball games will highlight the day's activities beginning at noon with Mosquito League All-Stars, Little League Minor All-Stars (10-year-olds), Babe Ruth League All-Stars and Little League Major All-Stars providing the action.

In addition there will be a Mosquito League playoff game between Circle Auto Parts and K of C and a slow pitch championship contest.

Donald Meenach, president of Youth Baseball Program, announced La Sertoma Club will present the James (Peanuts) Barker award 8 p.m. to a deserving boy from the Little League Majors.

Softball Tournney At Chillicothe

Chillicothe Eagles Little League team will sponsor the third annual Labor Day men's and women's slow pitch tournament Sept. 3, 4, 5 and 6 at the Veterans Administration Field on Route 104.

The tournament will be ASA sanctioned with a 15-run rule in effect. Entries must be submitted by August 28 and tournament schedules will be distributed August 31. It will be a double elimination event.

Trophies will be presented to the first five places in the tournament. Individual trophies will also be awarded for the most homers and the most hits.

Entries should be submitted to Bud Ryan, 547 Johnson Road, Chillicothe, phone 775-3571 or 775-2153.

Mac's Nip Hill In Mosquito Tilt

Mac's Goodyear defeated Hill Implement, 12-11, in a Mosquito league game played Monday night.

Kevin Mays, Brad Fox, and Jeff Lanman were pitching for the winners giving up nine hits, walking 14 and striking out ten.

Hitting for Mac's were Lanman with a triple and a homerun and Brad Fox with a triple and a double.

Brian Davis went all the way on the mound for Hill's giving up eight hits, fanning 14 and walking ten.

Billy Archer and Mike Gerhardt slugged homeruns for Hill's.

CALI, Colombia (AP) — U.S. heroes are dead in men's gymnastics, staggering in baseball and fighting for dear life in basketball at the Pan American Games.

That's the bad news. Uncle Sam's vastly superior track forces continued to harvest gold medals by the basketsful Tuesday night to keep the highly favored Yankees a step away from Cuba.

That, for USA faithful, is the good news.

The United States had a 21-11 edge over Castro's kids in gold medals and a 52-39 bulge overall, but Cuba had the USA on the ropes, both in baseball and basketball.

Blue Muffs Chance For 20th Win

By BERT ROSENTHAL
Associated Press Sports Writer

The pressure of winning his 20th game is beginning to take its toll on Vida Blue, while the pressure of losing 20 games is beginning to ease on Denny McLain.

Blue, the young flamethrower left-hander of the Oakland Athletics, failed for the second straight time to win his 20th game and absorbed one of his worst beatings of the season before the A's rallied for a 7-5 victory over the Kansas City Royals Tuesday night.

McLain, the veteran Washington right-hander and loser of 15 games, came off

the disabled list early Tuesday and gained credit for his sixth victory as the Senators struck for three runs in the ninth inning and beat his former Detroit teammates 4-2.

Elsewhere in the American League, Minnesota edged Chicago 4-3 in 10 innings; Milwaukee blanked California 2-0; New York blasted Cleveland 8-1, and Boston at Baltimore was rained out and will play a doubleheader tonight.

In the National League, Pittsburgh walloped Montreal 10-6; Cincinnati downed New York 5-2 before losing 9-4; Chicago took Houston 5-0; San Diego defeated St. Louis 6-1;

Philadelphia nipped Atlanta 3-2, and Los Angeles trounced San Francisco 9-1.

Blue, the winningest pitcher in the majors with a 19-4 record, was cuffed for five runs and nine hits in five innings by the slumping Royals, who suffered their eighth straight setback.

"I was almost crazy from the pressure of this game," said the usually relaxed southpaw.

Blue claimed he "felt good when I went out to the mound" against Kansas City. "I thought I had my usual stuff," he said.

Obviously he didn't.

One of the hits off him was a three-run homer over the left center field fence by Bob Oliver

in the fourth inning, giving the Royals a 3-2 lead. Two other hits were doubles by Lou Piniella and Amos Otis.

Otis' two-bagger came when the Royals scored twice in the fifth, Blue's last inning.

Only some erratic baserunning by Piniella saved Blue from a possible defeat. After Piniella led off the fourth with a double, he was tagged out when he took a big turn round second.

After singling in the second run in the fifth and going to second on the throw home, he tried to score on Chuck Harrison's single, but was cut down at the plate. And in the eighth, Piniella smacked his second double, but was out trying for a triple.

Rick Monday's two-run homer in the seventh, pulling Oakland within 5-4, started the A's comeback. Singles by pinch hitter Tommy Davis, Dick Green and Bert Campaneris produced the tying run in the ninth. Monday followed with a double, driving in the winning runs.

Mets' Rookie Stops Reds; Gains Doubleheader Split

NEW YORK (AP) — Goodbye, Charlie? Well, Charlie Williams doesn't hope so.

Any first-year player thinks about being sent back to the minor leagues, but I pray it doesn't happen to me," says the New York Mets' rookie right-hander.

Maybe the 24-year-old

Williams can convince management that he belongs in the big time by taking matters into his own hands. Certainly, Tuesday night's 9-4 route-gone performance over the Cincinnati Reds didn't hurt his chances.

The triumph gained a split of a two-night doubleheader after the Reds won the opener 5-2.

Williams made the club with an impressive explosive spring performance, but hasn't impressed many since with a 4-5 record.

"One game doesn't make a season," sighed Williams, talking of his eight strikeouts, one-walk job Tuesday night.

Williams not only pitched well, but also singled in a run in the Mets' 12-hit offense that kayoed Cincinnati's luckless Jim Merritt, who lost his 11th game without a victory this year.

He was a 20-game winner last season.

The Mets scored single runs in the first and third, and rookie Tim Lincecum's two-run surge in the fourth. Foli belted a two-run double, then came home on Williams' single in the fifth.

Dear Abby: Daughter Likes Older Men

DEAR ABBY: We have a 17-year-old daughter who prefers to date older men. Last year it was a 21-year-old, and when we found out how old he was we put a stop to it immediately.

Last month we learned that she was seeing a 24-year-old man behind our backs. When we confronted her with it she said if we tried to stop her from dating him she would run away.

Abby, she tells us now that if we can't allow her to openly date whomever she wants, and if we don't make him welcome in our home, she will leave. She is our only daughter and we don't want her hurt, but I guess we just don't know how to handle her. Can you give us an outside opinion? Please hurry your answer.

CONCERNED PARENTS
DEAR ABBY: Don't automatically turn thumbs down on older fellows. Some are more responsible than the younger ones. The important factor here is the degree of maturity your daughter has achieved at 17. Threatening to "run away" unless she has her own way strikes me as being immature. But insisting that she be able to bring her dates home for you to meet sounds quite mature. Let her bring her dates home, then meet them and judge them on their personalities — not their ages.

DEAR ABBY: What do you think of a son who writes to his mother and tells her how long she can stay when she visits him?

In the four years my son has been married I have visited him only once, and that was at Christmas two years ago. I stayed for eight days.

I plan to visit again in September, and the following is a quote from a letter I received from

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Following is the Ohio weather summary from the National Weather Service.

Cool weather is forecast across Ohio the next two days with temperatures averaging about 10 degrees below normal. Highs in the 70s and lows in the 50s are predicted.

A cold front moved south across the state Tuesday bringing showers and thundershowers. The heaviest rainfall was 1.52 inches reported at Dayton. Heavy rainfall was also reported overnight in the Toledo area.

Rain is expected to continue today in southern Ohio.

Warmer, summer weather will return by the end of the week with readings in the 80s Saturday and Sunday.

FORECASTS

OHIO — Showers ending by late this evening in all but southern counties. Lows in the 50s. Partly cloudy and mild Thursday with a chance of showers south. Highs in the mid to upper 70s.

WEST CENTRAL, CENTRAL, EAST CENTRAL — Mostly cloudy with showers likely tonight. Partly cloudy with little change in temperature Thursday. High in the upper 70s.

SOUTHWEST, SOUTHEAST — Considerable cloudiness with showers and possibly thundershowers today and tonight. Lows near 60. Variable cloudiness and mild with a chance of showers Thursday. Highs in the upper 70s.

THURSDAY'S HOROSCOPE

GENERAL TENDENCIES:
An unusually good day and evening for you to make those long-range plans that can give you the security and the favorable conditions that mean a great deal to you. If you must seek suggestions from anyone, make sure it is one of vast experience who knows all phases of your particular problem. Be tactful.

ARIES (Mar. 21 to Apr. 19)
Know what it is that a bigwig wants of you and then carry through to the very best of your ability. Much satisfaction comes from work that is truly well done. Remuneration also becomes commensurate with effort put into it.

TAURUS (Apr. 20 to May 20)
Put aside boring work and look into new outlets that are far more satisfying and well-paying. Some new contact can give you right answer to some problem you may have. Avoid chatterboxes, though.

GEMINI (May 21 to June 21)
Use standard systems if you want to solve those problems ahead of you and they are soon behind you. You have good common sense. Use it also where your mate is concerned and all goes more smoothly for you.

MOON CHILDREN (June 22 to July 21)
You are articulate and can come to a far better understanding with an associate who has been a little too forceful lately. Use diplomacy and you soon have this person eating out of your hand.

LEO (July 22 to Aug. 21)
Don't waste a moment of today's fine influences; you can get much accomplished and also gain the goodwill of down-in-the-mouth co-workers who need cheering. Make wheels of industry run smoothly. Find right articles for your wardrobe, too.

VIRGO (Aug. 22 to Sept. 22)
Get together with congenials at the recreations you need to lift you out of the doldrums. Pay a compliment to mate that brings good results. Stop being so self-centered. Give more of yourself.

LIBRA (Sept. 23 to Oct. 22)
Home and family should be the center of your focus today since you can increase both harmony and security needed there. Get appliances repaired for greater efficiency. Work in your study tonight.

SCORPIO (Oct. 23 to Nov. 21)
You are thinking cleverly now and can make your work easier while increasing profits. Talk over with associates ways in which projects can be made more successful. Whoever opposes you should have avoided.

SAGITTARIUS (Nov. 22 to Dec. 21)
Plan ways of increasing income in the future so you will not have to worry about necessities. Get the advice you need from that clever business expert. This can open a new door of opportunity for you.

CAPRICORN (Dec. 22 to Jan. 20)
Out to social affairs and make new contacts important for the future. Dress your best and create a good impression. Think in terms of more money in the future.

AQUARIUS (Jan. 21 to Feb. 19)
You have solid ideas now and can get the practical advice you need from experts. Contact a person you have liked a long time. This can lead to a great deal of enjoyment socially.

PISCES (Feb. 20 to Mar. 20)
Renewing old friendships could prove most enjoyable as well as profitable for you, so try to do this. Repay social responsibilities, also. You can accomplish more via the social route today than you can in other ways.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those charming young people who want to feel secure and can find the right system for bringing benefits his or her way. The field of construction would be excellent, especially large projects. While young, your progeny will come to the attention of bigwigs, especially older people, who will pave the way to success early in life. Give as good an education as you can.

Padres Bang 13 Hits In Win Over Cards

by HAL BOCK
Associated Press Sports Writer
Steve Arlin, the pitching dentist, took some of the bite out of the St. Louis Cardinals and it turned up, of all places, in the bats of the San Diego Padres.

Arlin hurled a four-hitter Tuesday night and got some unusually lousy hitting from the Padres to beat the Cardinals 6-1.

Elsewhere in the National League Tuesday, Pittsburgh ripped Montreal 10-6, Chicago shut out Houston 5-0, Philadelphia edged Atlanta 3-2, Los Angeles blitzed San Francisco 9-1 and Cincinnati split a doubleheader in New York, winning 5-2 before losing 9-4.

In the American League, New York clipped Cleveland 8-1, Oakland took Kansas City 7-1, Minnesota nipped Chicago 4-3 in 10 innings, Washington trimmed Detroit 4-2 and Milwaukee shut out California 2-0. Boston at Baltimore was rained out.

Arlin's sharp performance against the Cardinals was the 10th complete game in the last 16 starts for the Padres' staff. But San Diego has won only six of those games. In 69 games since May 23, the San Diego pitching staff has a 2.97 earned run average. Yet the club's won-lost mark was 27-42 over that span. Blame the batters.

But the Padres managed 13 hits Tuesday night and gave

Arlin four runs in the first four innings. That was enough for the ex-Ohio State star, who boosted his record to 6-13 and needed just 98 pitches to do the job.

Arlin made it to spring training for the first time this year. Previous springs were devoted to his dental studies at Ohio State. They were completed last June and now Arlin can pull teeth when he's not pitching.

Gene Alley hammered a pair of home runs and Pittsburgh bunched six runs in the eighth inning to beat Montreal. Alley's second homer touched off the big inning and Manny Sanguille ripped a bases-loaded triple. Then Vic Davallio climaxed the rally with a two-run double.

Unbeaten Bob Veale earned the victory in relief, running his record to 6-0.

Rookie John Vukovich, who carried a .157 batting average into the game, drove home two Philadelphia runs including the winner with a single and a double as the Phillies knocked off Atlanta.

Hank Aaron's 31st homer of the season and 623rd of his career had balanced rookie Willie Montanez' early homer but Vukovich put the Phillies ahead with a seventh inning single after Lon Money had doubled.

Rookie Earl Williams tied it again for the Braves in the ninth, jolting a two-out homer. But the Phillies bounced back

with Roger Freed singling and Vukovich drilling a double to score pinch runner Larry Bowa with the winning tally.

Bill Hands tossed a five-hitter and Ron Santo hammered his 17th home run, helping the Cubs past Houston.

Santo's homer was the game's only run until the ninth when Chicago ganged up on reliever Fred Gladding for four more. J. C. Martin drove in two of the runs with a single.

Boyle Alexander hurled a six-hitter and the Dodgers exploded for four runs in the first inning and whipped San Francisco.

Steve Garvey, whose three-run homer beat the Giants in the ninth inning the night before, singled in two of the Dodgers' early runs as LA trimmed San Francisco's National League West lead to seven games.

Tony Perez hammered a three-run homer, climaxing a four-run Cincinnati rally in the sixth inning as the Reds knocked off the Mets in the first game of their doubleheader. Lee May also homered for the Reds.

In the nightcap, New York collected 12 hits as Charlie Williams pitched his first major league complete game. Rookie Tim Lincecum in three of the Met runs with a pair of doubles as winless Jim Merritt absorbed his 11th consecutive loss.

Youth Baseball Sets Fish Fry

Circleville Youth Baseball Program will sponsor a fish fry from 10 a.m. to 8 p.m. Sunday at Ted Lewis Park.

Ball games will highlight the day's activities beginning at noon with Mosquito League All-Stars, Little League Minor All-Stars (10-year-olds), Babe Ruth League All-Stars and Little League Major All-Stars providing the action.

In addition there will be a Mosquito League playoff game between Circle Auto Parts and K of C and a slow pitch championship contest.

Donald Meenach, president of Youth Baseball Program, announced La Sertoma Club will present the James (Peanuts) Barker award 8 p.m. to a deserving boy from the Little League Majors.

Peanuts was a standout player for the Coca Cola team in the Little League Majors. The gallant young athlete lost a leg in a battle with cancer and finally succumbed to the dread disease in the fall of 1970.

Softball Tourney At Chillicothe

Chillicothe Eagles Little League team will sponsor the third annual Labor Day men's and women's slow pitch tournament Sept. 3, 4, 5 and 6 at the Veterans Administration Field on Route 104.

The tournament will be ASA sanctioned with a 15-run rule in effect. Entries must be submitted by August 28 and tournament schedules will be distributed August 31. It will be a double elimination event.

Trophies will be presented to the first five places in the tournament. Individual trophies will also be awarded for the most homeruns and the most hits.

Entries should be submitted to Bud Ryan, 547 Johnson Road, Chillicothe, phone 775-3571 or 773-2153.

Mac's Nip Hill In Mosquito Tilt

Mac's Goodyear defeated Hill Implement, 12-11, in a Mosquito league game played Monday night.

Kevin Mays, Brad Fox, and Jeff Lanman were pitching for the winners giving up nine hits, walking 14 and striking out ten.

Hitting for Mac's were Lanman with a triple and a homerun and Brad Fox with a triple and a double.

Brian Davis went all the way on the mound for Hill's giving up eight hits, fanning 14 and walking ten.

Billy Archer and Mike Gerhardt slugged homeruns for Hill's.

US Athletes Taking Licks

CALI, Colombia (AP) — U.S. heroes are dead in men's gymnastics, staggering in baseball and fighting for dear life in basketball at the Pan American Games.

That's the bad news. Uncle Sam's vastly superior track forces continued to harvest gold medals by the basketsful Tuesday night to keep the highly favored Yankees a step away from Cuba.

That, for USA faithful, is the good news.

The United States had a 21-11 edge over Castro's kids in gold medals and a 52-39 bulge overall, but Cuba had the USA on the ropes, both in baseball and basketball.

Brazil almost sent the American cagers home, but 6-foot-10 Bob McAdoo of the University of North Carolina ripped a jumper to save the Tuesday game, 81-79 in overtime.

Even at that, using the complicated international playoff

system, the USA will be finished if Brazil happens to upset Cuba by more than three points. Cuba earlier shocked the Yanks 73-69.

Cuba's favored baseball team got a clutch two-run single by big Armando Caprio after shabby USA fielding loaded the bases in the seventh inning to edge the Americans 4-3.

Cuba pulled another in its life of international athletic surprises by capturing the gold medal in men's gymnastics.

Boston Bruins Buy Three AHL Players

BOSTON (AP) — The Boston Bruins of the National Hockey League announced Tuesday the purchase of three players from American Hockey League clubs.

They were left winger Ron Boehm of Cleveland, right winger Alain Caron of Providence and defenseman Ray Fortin of Hershey.

Blue Muffs Chance For 20th Win

By BERT ROSENTHAL
Associated Press Sports Writer

The pressure of winning his 20th game is beginning to take its toll on Vida Blue, while the pressure of losing 20 games is beginning to ease on Denny McLain.

Blue, the young flamethrower left-hander of the Oakland Athletics, failed for the second straight time to win his 20th game and absorbed one of his worst beatings of the season before the A's rallied for a 7-5 victory over the Kansas City Royals Tuesday night.

McLain, the veteran Washington right-hander and loser of 15 games, came off

the disabled list early Tuesday and gained credit for his sixth victory as the Senators struck for three runs in the ninth inning and beat his former Detroit teammates 4-2.

Elsewhere in the American League, Minnesota edged Chicago 4-3 in 10 innings; Milwaukee blanked California 2-0; New York blasted Cleveland 8-1, and Boston at Baltimore was rained out and will play a doubleheader tonight.

In the National League, Pittsburgh walloped Montreal 10-6; Cincinnati downed New York 5-2 before losing 9-4; Chicago took Houston 5-0; San Diego defeated St. Louis 6-1;

Philadelphia nipped Atlanta 3-2, and Los Angeles trounced San Francisco 9-1.

Blue, the winningest pitcher in the majors with a 19-4 record, was cuffed for five runs and nine hits in five innings by the slumping Royals, who suffered their eighth straight setback.

"I was almost crazy from the pressure of this game," said the usually relaxed southpaw.

Blue claimed he "felt good when I went out to the mound" against Kansas City. "I thought I had my usual stuff," he said. Obviously he didn't.

One of the hits off him was a three-run homer over the left center field fence by Bob Oliver

in the fourth inning, giving the Royals a 3-2 lead. Two other hits were doubles by Lou Piniella and Amos Otis.

Otis' two-bagger came when the Royals scored twice in the fifth, Blue's last inning.

Only some erratic baserunning by Piniella saved Blue from a possible defeat. After Piniella led off the fourth with a double, he was tagged out when he took a big turn round second.

After singling in the second run in the fifth and going to second on the throw home, he tried to score on Chuck Harrison's single, but was cut down at the plate. And in the eighth, Piniella smacked his second double, but was out trying for a triple.

Rick Monday's two-run homer in the seventh, pulling Oakland within 5-4, started the A's comeback. Singles by pinch hitter Tommy Davis, Dick Green and Bert Campaneris produced the tying run in the ninth. Monday followed with a double, driving in the winning runs.

Mets' Rookie Stops Reds; Gains Doubleheader Split

NEW YORK (AP) — Goodbye, Charlie? Well, Charlie Williams doesn't hope so.

"Any first-year player thinks about being sent back to the minor leagues, but I pray it doesn't happen to me," says the New York Mets' rookie right-hander.

Maybe the 24-year-old

Williams can convince management that he belongs in the big time by taking matters into his own hands. Certainly, Tuesday night's 9-4 route-going performance over the Cincinnati Reds didn't hurt his chances.

The triumph gained a split of a two-night doubleheader after the Reds won the opener 5-2.

Williams made the club with an impressive explosive spring performance, but hasn't impressed many since with a 4-5 record.

"One game doesn't make a season," sighed Williams, talking of his eight strikeouts, one-walk job Tuesday night.

Williams not only pitched well, but also singled in a run in the Mets' 12-hit offense that kayoed Cincinnati's luckless Jim Merritt, who lost his 11th game without a victory this year.

He was a 20-game winner last season.

The Mets scored single runs in the first and third, and rookie Tim Foli sparked a two-run surge in the fourth. Foli belted a two-run double, then came home on Williams' single in the fifth.

The Reds only runs were produced by Bernie Carbo's sixth-inning homer with a man aboard.

Cincinnati took the opener with the help of a three-run homer by Tony Perez.

Palmer, Nicklaus Aiming For PGA Earnings Lead

By GEORGE STRODE
Associated Press Sports Writer

AKRON, Ohio (AP) — Jack Nicklaus and Arnold Palmer, two of pro golf's millionaires, have a chance to seize the 1971 money winning lead in the \$150,000 American Golf Classic starting Thursday.

A field of 103 will tee off in the first of four rounds in the 72-hole tournament over the par 70, 7,180-yard Firestone South course.

The low 70 and ties will survive the 36-hole cut Friday and the final round Sunday will be nationally-televised (ABC).

While No. 1 1971 money earner Lee Trevino is getting a Texas hero's welcome this week in El Paso, Nicklaus and Palmer both have a shot at passing him on the PGA dollar list.

Nicklaus, second with \$187,763 to Trevino's \$197,219, can move on top with the \$30,000 first prize, \$17,100 for second or \$10,650 third place money.

Palmer, third with \$184,799 in winnings this year, needs a

first or second to move past Trevino.

All of the former Classic champions except 1961 winner Jay Hebert will take part in the 10-year-old tournament.

Besides Trevino and Hebert, No. 4 money winner Gary Player will bypass this stop. Player is resting at his South African home. Billy Casper, the third golfing millionaire, also is not competing here.

South Faces Problems Of Busing

By G.C. THELEN Jr.,
Associated Press Writer
WASHINGTON (AP) — The big losers in President Nixon's delicate balancing act on Southern school desegregation appear to be the larger cities and towns below the Mason-Dixon line.

Almost inevitably this fall they will have to meet stiffened Supreme Court requirements for approximate racial balancing in elementary and secondary schools. But, unless Congress intervenes, the government won't help them buy and operate the additional buses necessary to meet the high court's April guidelines.

Another casualty in the White

House decision Tuesday in the Austin, Tex., school case was Elliot L. Richardson, secretary of health, education and welfare.

Nixon specifically rejected the Austin desegregation plan mapped by HEW and approved by Richardson. By implication the chief executive cast aside Richardson's administration-adopted strategy of firmly but quietly enforcing the Supreme Court's toughened desegregation requirements without criticizing the ruling itself.

Nixon gained these multiple effects from two actions.

He said the Justice Department will appeal as "inconsistent with recent rulings of the U.S. Supreme Court" a decision by U.S. Dist. Court Judge Jack

B. Roberts. Roberts allowed part-time integration of Austin pupils rather than the HEW plan requiring extensive busing for full-time desegregation.

The President also amended the administration's pending \$1.5-billion emergency school assistance bill to forbid any expenditures for busing.

The net effect was to tell the South the administration opposes cross-town busing of students for desegregation but is required to enforce the letter of Supreme Court decisions. Past critics have called this tactic "hiding behind the court."

"I am against busing as that term is commonly used in school desegregation cases," Nixon said.

The President underscored this message by instructing the

Justice Department and HEW to "work with individual school districts to hold busing to the minimum required by law."

The White House statements marked a sharp change in recent political tactics on the desegregation issue.

The administration, on Richardson's advice, has for the past four months muted any displeasure with the high court's pro-busing decision and emphasized its intention to enforce the edict—hoping for minimum controversy and disruption in the South.

With rising opposition in Southern cities to cross-town busing, the President has seemed to reject this course because politically it ties the administration too closely to busing advocates.

Will Discuss Senators' Money Woes

CHICAGO (AP) — The American League is expected to discuss the financially troubled Washington baseball franchise Wednesday when the joint baseball meetings are expected to end.

"We didn't discuss the Washington situation at all today," said President Joe Cronin Tuesday night. "But we expect to bring up the subject tomorrow. In fact we didn't take up any league matters, we simply discussed the commissioner's agenda."

Commissioner Bowie Kuhn held a joint meeting of the American and National Leagues Tuesday in which a variety of topics were discussed including promotions, films, drug education, broadcast, the performance bonus rule and cutting down on spring training.

"The only matter on which action is expected," said Kuhn, "is the shortening of spring training."

When the American League continues its meeting Wednesday, Kuhn expects to be called in when the Washington matter comes up.

However, he added he didn't expect any definite action to come up in the Washington matter.

Savings Bank Clinches Pony League Crown

Savings Bank downed Kochheiser, 9-6, to clinch the Pony league title Monday night. Rick Ramsey and Rose were the winning pitchers both allowing nine hits.

Hitting for the champs were Herb Stergel with a homerun and Terry Brown with a triple and a double.

Pitching for Kochheiser were Mark Hoffman and Bill Salysers. Sam Webb clubbed a double for the losers.

Brown Seeking New Opponents

WILMINGTON, Ohio (AP) — Paul Brown, coach and general manager of the Cincinnati Bengals is looking for pre-season exhibition games in 1972 with "established teams" other than those his Central Division Champions will meet in regular season play.

Brown noted that the Bengals play three of their six exhibition games this year with teams they will meet later in the season.

he Bengals open up Friday at Miami with the Dolphins Friday night and play them here Oct. 10. The Pittsburgh Steelers play at Cincinnati Aug. 23 as does Green Bay Sept. 4. Both teams are on the regular schedule later.

"Actually," said Brown Tuesday, "I would rather not play a team we meet in the regular season. But when we were an expansion team, hardly anyone would play us, and we had to take what we could."

Timetable For Golf Success

AKRON, Ohio (AP) — Ken Harrelson and his financial angel have the former baseball slugger on a three-year timetable to make it in pro golf.

Harrelson thinks it may be sooner.

"In terms of time, I think I can make it in the next year or year and a half and even win a tournament — a regular tour tournament," said Harrelson Tuesday after making the cut in his pro golf event.

Harrelson, who took 34 putts in a three-over-par 73 for 149 in the Little American Golf Classic, had a new putter today for the final round of the satellite tournament over the 7,110-yard Firestone North course.

House Votes To Suspend Aid To Pakistan, Greece

WASHINGTON (AP) — The House has voted to suspend the

Greek and Pakistani military governments from U.S. foreign-

aid rolls in an effort to force internal reforms.

Withholding all \$118 million from the Greek military junta to press return of democratic rule was upheld by the House 122 to 57 Tuesday night after a shouting, accusation-trading debate.

Cutoff of up to \$445 million aid for Pakistan until it resolves turmoil blamed for the flight of 10 million East Pakistani refugees to India was upheld without a fight.

The House then passed a foreign-aid authorization with \$3.4 billion for each of the next two years. The 200-192 vote sent the bill to the Senate.

Backers of Greek aid, led by Rep. James A. Burke, D-Mass., tried to remove the ban on grounds the military junta has brought stability to Greece, wants to restore democracy and must be kept a friendly NATO ally.

But Rep. Wayne L. Hays, D-Ohio—with Burke shouting objections from the aisle—accused Burke of making a "patent plea for dictatorship."

Hays said the House Foreign Affairs Committee, which wrote the curb, was only trying to pressure the Greek junta into living up to its promise to restore democracy to the country which invented it.

House Republican Leader Gerald R. Ford said he believes President Nixon will restore the Greek aid by declaring in writing that the aid is in America's overriding interest, an escape clause in the bill.

Even then the bill would limit Greek aid to the \$90 million approved last year, not the President's \$118 million.

Rep. Cornelius E. Gallagher, D-N.J., who won the Pakistani aid suspension in committee, said it would cut off \$225 million new aid and up to \$220 million already approved but not allocated.

The aid would be cut off until President Nixon notified Congress that political turmoil was being resolved in East Pakistan and refugees' property and rights were being restored.

But \$100 million was added to the bill specifically to aid East Pakistani refugees.

Lunar Module's Crash Is Detected By Seismometers

SPACE CENTER, Houston (AP) — Detection of the deliberate crash of Apollo 15's lunar lander by moonquake meters at three widely separated points on the moon is frosting on the cake for lunar scientists.

The lunar lander Falcon's violent death late Monday was detected 30 miles away at the seismometer which David R. Scott and James B. Irwin left at the base of the Apennine Mountains where they landed earlier in Falcon. The crashed also registered 700 miles to the south on the Apollo 12 seismometer left in the Ocean of Storms in November 1969 and on the Apollo 14 seismometer left in the lunar highlands at Fra Mauro last February.

The response of the three instruments excited scientists waiting to see if it would happen.

It was the latest achievement for Apollo 15—a mission lunar experts say may bring more fundamental knowledge about the moon than all past moon landings combined. The achievements include:

—Possible discovery of a piece of the original lunar crust.

—Samples of bedrock that might lie just beneath the moon's surface.

—Discovery of probable layering in the sides of Hadley Rille, a 12,000-foot-deep moon canyon Scott and Irwin visited.

Scientists are trying to determine how the moon was formed as a way of finding the origin of the solar system.

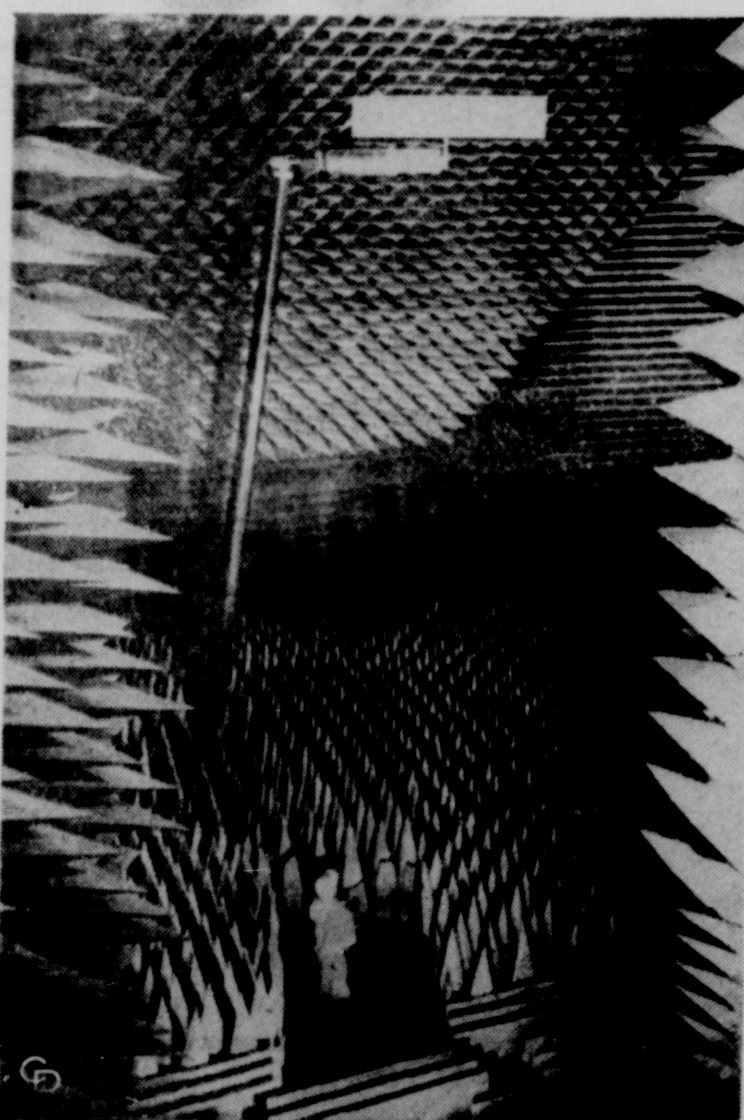

"That's exciting. That's just very nice," Dr. D. W. Strang-

way, a geophysicist at the Manned Spacecraft Center, said when the Apollo 12 and 14 instruments began recording seismic waves generated by the Falcon's crash, which equaled an explosion of more than two tons of TNT. The wave had reached the closer Apollo 15 seismometer several minutes earlier.

"It suggests you can see impacts on the moon from very, very far away. This has been a subject of considerable controversy," Strangway said.

The principal scientist working with the seismometers, Dr. Gary Latham of Columbia University's Lamont-Doherty Geological Laboratory, was studying the data last Monday and was unavailable for comment.

But before the crash he said detection by the Apollo 12 and 14 instruments would be strong evidence that present theories about the interior of the moon are correct.

A-MAZING—The bankers who are afraid of Lockheed must have seen this weird maze of polyurethane foam in the aircraft maker's radio frequency anechoic chamber. Radio frequency signals are transmitted in the chamber and received by test antenna, one of which is seen mounted on a stanchion looming high over the floor. The sawtooth and wedge-shaped foam absorbs radiating signals which otherwise would reflect from the walls and interfere with the test measurements at the plant in Sunnyvale, Calif.

Steel Prices To Increase

PITTSBURGH (AP) — More steelmakers were expected to follow the lead of U.S. Steel and announce price increases averaging 8 per cent.

The hikes, which apply to almost every kind of raw steel product, seem certain to trigger subsequent price jumps in a wide variety of consumer items ranging from keys to cars, though probably not for at least a few months.

The White House said it was questionable whether the price hikes were in the steel industry's "long run interest," but made no immediate move to force a rollback of the increases.

U.S. Steel, the nation's No. 1 steel producer, said the increases announced Monday were required to offset the near-record cost of the industry's new contract with the AFL-CIO United Steelworkers of America. The union had accepted the contract, which calls for a 30 per cent pay increase spread over three years barely 12 hours before.

Within hours of U.S. Steel's announcement, four more of the nation's 10 largest steel producers posted almost identical price hikes of their own. The four were second-ranked Bethlehem Steel, third-ranked Republic, fifth-ranked Armco and eighth-ranked Youngstown Sheet & Tube.

South Faces Problems Of Busing

By G.C. THELEN Jr.
Associated Press Writer
WASHINGTON (AP) — The big losers in President Nixon's delicate balancing act on Southern school desegregation appear to be the larger cities and towns below the Mason-Dixon line.

Almost inevitably this fall they will have to meet stiffened Supreme Court requirements for approximate racial balancing in elementary and secondary schools. But, unless Congress intervenes, the government won't help them buy and operate the additional buses necessary to meet the high court's April guidelines.

Another casualty in the White

House decision Tuesday in the Austin, Tex., school case was Elliot L. Richardson, secretary of health, education and welfare.

Nixon specifically rejected the Austin desegregation plan mapped by HEW and approved by Richardson. By implication the chief executive cast aside Richardson's administration-adopted strategy of firmly but quietly enforcing the Supreme Court's toughened desegregation requirements without criticizing the ruling itself.

Nixon gained these multiple effects from two actions.

He said the Justice Department will appeal as "inconsistent with recent rulings of the U.S. Supreme Court" a decision by U.S. Dist. Court Judge Jack

B. Roberts. Roberts allowed part-time integration of Austin pupils rather than the HEW plan requiring extensive busing for full-time desegregation.

The President also amended the administration's pending \$1.5-billion emergency school assistance bill to forbid any expenditures for busing.

The net effect was to tell the South the administration opposes cross-town busing of students for desegregation but is required to enforce the letter of Supreme Court decisions. Past critics have called this tactic "hiding behind the court."

"I am against busing as that term is commonly used in school desegregation cases," Nixon said.

The President underscored this message by instructing the

Justice Department and HEW to "work with individual school districts to hold busing to the minimum required by law."

The White House statements marked a sharp change in recent political tactics on the desegregation issue.

The administration, on Richardson's advice, has for the past four months muted any displeasure with the high court's pro-busing decision and emphasized its intention to enforce the edict—hoping for minimum controversy and disruption in the South.

With rising opposition in Southern cities to cross-town busing, the President has seemed to reject this course because politically it ties the administration too closely to busing advocates.

Will Discuss Senators' Money Woes

CHICAGO (AP) — The American League is expected to discuss the financially troubled Washington baseball franchise Wednesday when the joint baseball meetings are expected to end.

"We didn't discuss the Washington situation at all today," said President Joe Cronin Tuesday night. "But we expect to bring up the subject tomorrow. In fact we didn't take up any league matters, we simply discussed the commissioner's agenda."

Commissioner Bowie Kuhn held a joint meeting of the American and National Leagues Tuesday in which a variety of topics were discussed including promotions, films, drug education, broadcast, the performance bonus rule and cutting down on spring training.

"The only matter on which action is expected," said Kuhn, "is the shortening of spring training."

When the American League continues its meeting Wednesday, Kuhn expects to be called in when the Washington matter comes up.

However, he added he didn't expect any definite action to come up in the Washington matter.

House Votes To Suspend Aid To Pakistan, Greece

WASHINGTON (AP) — The House has voted to suspend the Greek and Pakistani military governments from U.S. foreign-

aid rolls in an effort to force internal reforms.

Withholding all \$118 million from the Greek military junta to press return of democratic rule was upheld by the House 122 to 57 Tuesday night after a shouting, accusation-trading debate.

Cutoff of up to \$445 million aid for Pakistan until it resolves turmoil blamed for the flight of 10 million East Pakistani refugees to India was upheld without a fight.

The House then passed a foreign-aid authorization with \$3.4 billion for each of the next two years. The 200-192 vote sent the bill to the Senate.

Backers of Greek aid, led by Rep. James A. Burke, D-Mass., tried to remove the ban on grounds the military junta has brought stability to Greece, wants to restore democracy and must be kept a friendly NATO ally.

But Rep. Wayne L. Hays, D-Ohio—with Burke shouting objections from the aisle—accused Burke of making a "patent plea for dictatorship."

Hays said the House Foreign Affairs Committee, which wrote the curb, was only trying to pressure the Greek junta into living up to its promise to restore democracy to the country which it invented it.

House Republican Leader Gerald R. Ford said he believes President Nixon will restore the Greek aid by declaring in writing that the aid is in America's overriding interest, an escape clause in the bill.

Even then the bill would limit Greek aid to the \$90 million approved last year, not the President's \$118 million.

Rep. Cornelius E. Gallagher, D-N.J., who won the Pakistani aid suspension in committee, said it would cut off \$220 million new aid and up to \$220 million already approved but not allocated.

The aid would be cut off until President Nixon notified Congress that political turmoil was being resolved in East Pakistan and refugees' property and rights were being restored.

But \$100 million was added to the bill specifically to aid East Pakistani refugees.

Lunar Module's Crash Is Detected By Seismometers

SPACE CENTER, Houston (AP) — Detection of the deliberate crash of Apollo 15's lunar lander by moonquake meters at three widely separated points on the moon is frosting on the cake for lunar scientists.

The lunar lander Falcon's violent death late Monday was detected 30 miles away at the seismometer which David R. Scott and James B. Irwin left at the base of the Apennine Mountains where they landed earlier in Falcon. The crashed also registered 700 miles to the south on the Apollo 12 seismometer left in the Ocean of Storms in November 1969 and on the Apollo 14 seismometer left in the lunar highlands at Fra Mauro last February.

The response of the three instruments excited scientists waiting to see if it would happen.

It was the latest achievement for Apollo 15—a mission lunar experts say may bring more fundamental knowledge about the moon than all past moon landings combined. The achievements include:

—Possible discovery of a piece of the original lunar crust.

—Samples of bedrock that might lie just beneath the moon's surface.

—Discovery of probable layering in the sides of Hadley Rille, a 12,000-foot-deep moon canyon Scott and Irwin visited.

Scientists are trying to determine how the moon was formed as a way of finding the origin of the solar system.

"That's exciting. That's just very nice," Dr. D. W. Strang-

Savings Bank Clinches Pony League Crown

Savings Bank downed Kochheiser, 9-6, to clinch the Pony League title Monday night.

Rick Ramsey and Rose were the winning pitchers both allowing nine hits.

Hitting for the champs were Herb Stergel with a homerun and Terry Brown with a triple and a double.

Pitching for Kochheiser were Mark Hofman and Bill Salyers. Sam Webb clubbed a double for the losers.

Brown Seeking New Opponents

WILMINGTON, Ohio (AP)—Paul Brown, coach and general manager of the Cincinnati Bengals is looking for pre-season exhibition games in 1972 with "established teams" other than those his Central Division Champions will meet in regular season play.

Brown noted that the Bengals play three of their six exhibition games this year with teams they will meet later in the season.

he Bengals open up Friday at Miami with the Dolphins Friday night and play them here Oct. 10. The Pittsburgh Steelers play at Cincinnati Aug. 23 as does Green Bay Sept. 4. Both teams are on the regular schedule later.

"Actually," said Brown Tuesday, "I would rather not play a team we meet in the regular season. But when we were an expansion team, hardly anyone would play us, and we had to take what we could."

Timetable For Golf Success

AKRON, Ohio (AP) — Ken Harrelson and his financial angel have the former baseball slugger on a three-year timetable to make it in pro golf.

Harrelson thinks it may be sooner.

"In terms of time, I think I can make it in the next year or year and a half and even win a tournament — a regular tour tournament," said Harrelson Tuesday after making the cut in his pro golf event.

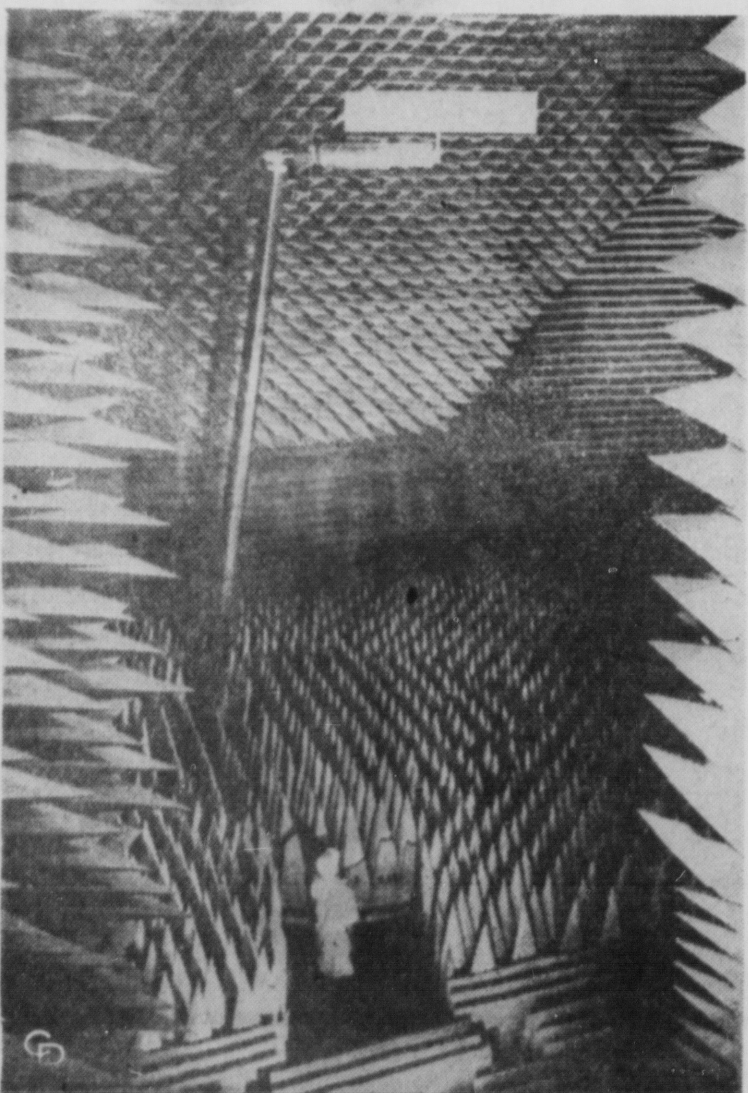

Harrelson, who took 34 putts in a three-over-par 73 for 149 in the Little American Golf Classic, had a new putter today for the final round of the satellite tournament over the 7,110-yard Firestone North course.

Wheeling Council Fires Manager

WHEELING, W. Va. (AP) — The Wheeling City Council, amid charges of "political games," has fired City Manager Charles C. Steele and seen the resignations of two top city officials.

Council confirmed Tuesday night that it had voted 6-3 in a secret session to fire Charles C. Steele after he refused to resign. City Clerk Jack Maloney was appointed to serve as an interim city manager.

Police Chief Arthur L. McKenzie and assistant City Manager James Frederick submitted their resignations, apparently in sympathy with Steele's firing.

A-MAZING—The bankers who are afraid of Lockheed must have seen this weird maze of polyurethane foam in the aircraft maker's radio frequency anechoic chamber. Radio frequency signals are transmitted in the chamber and received by test antenna, one of which is seen mounted on a stanchion looming high over the floor. The sawtooth and wedge-shaped foam absorbs radiating signals which otherwise would reflect from the walls and interfere with the test measurements at the plant in Sunnyvale, Calif.
